

GERMANS CONTINUE ATTACK ON ALLIES' FRONT NEAR YPRES

FIGHTING WITH UNDIMINISHED
FURY, AND ENGLAND, LIKE ALL
EUROPE, AWAILS THE RESULTS
WITH UNDISGUISED ANXIETY.
GERMANS AIM AT DUNKIRK.

CANADIAN RECOVERY PRAISED

Their Counter Attack Is Talk of Offi-
cial Circles—Another Attack Is
Made on the Dardanelles—Germany
Sends Reinforcements to Western
Front.

London, April 26.—The tremendous
battle begun by the German attack on
the allied arch-like front around Ypres
in the plains of Flanders continues
with undiminished fury and England,
like the rest of Europe, is awaiting
the outcome with undiminished anxiety.
Even the news that the allied fleet
and army have commenced an attack
on the Dardanelles and that troops
are advancing against the Turkish en-
trenchments has received only passing
attention in the face of the stakes that
are in the balance in the battle beyond
the English channel.

While the majority of those capable
of forming an opinion believe that the
Germans, by the stroke they have de-
livered against the British, French and
Belgian lines, are once again aiming at
Dunkirk and Calais, there are those
who believe that it is only a feint in
force to draw the allies' reserves while
preparations are being made for an
attack at some other point in the long
line. Whatever the intention of the
Germans, they certainly made a
successful coup which, while it did
not break down the allies' line,
the Canadians who were holding the
British portion of the lines were the
first to recover themselves and in a
counter attack—the praises of which
are ringing throughout the empire—
recaptured the ground they had been
compelled to give up, then with
their comrades have successfully
withstood the German assaults.

French and Belgians Driven Back.

The French and Belgians, who re-
ceived the blast in full force and were
driven back across the canal be-
tween Boesinghe and St. Eloi, were
not much slower in recovering
and, according to the French official
report, succeeded in regaining posses-
sion of the canal banks and much of
the surrounding territory to the east.
There is no inclination here, how-
ever, to belittle the initial success of
the German sweep and the work that
before the allied armies before the
action could be fully restored.

A writer in the Pall Gazette de-
scribes it as "a masterly tactical
counter stroke," and declares "that if
the Germans have waited long to take
their revenge for Neuve Chapelle, they
have taken it now."
By getting across the canal, it is
pointed out, the Germans gained for
the moment command of the new
road and if they had not been driven
back would have forced a readjust-
ment of the whole allied line in the
region of Ypres.

The official reports throw little
light on the progress of the battle, but
news from Holland gives the informa-
tion that the cannonade last night was
more severe than ever and that long
trains of German reinforcements were
coming to the front in great numbers.
Long trains of wounded bound for the
base hospitals. There is no likelihood
therefore, that the battle will be over
in some days to come, as the Ger-
mans have made no attempt to
send in men and material for their of-
fensive, which has forestalled that of
allies.

British Are Encouraged.

British optimism in the outcome is
encouraged by the success of the allies
repelling similar attacks last Octo-
ber when they were less well equipped
than the Germans, whereas, now there
is no doubt that the British are equal
to the opposing forces in either
army or the machinery of war.

A Tense Moment in Barnes-Roosevelt Libel Suit Trial

SCENE IN SYRACUSE COURTROOM WHILE MR. ROOSEVELT WAS ON STAND—ARROWS
LEFT TO RIGHT JOHN M. BOWERS, WILLIAM M. IVINS, AND MR. BARNES

At one of the most exciting moments in the Barnes-Roosevelt trial in Syracuse, N. Y., while former President Roosevelt was on the stand a daring photographer "took a shot" from the door of the courtroom and the accompanying is the result. On the left, indicated by an arrow, is John M. Bowers, leading counsel for Mr. Roosevelt. He is drinking in every word that his distinguished client is saying. Another arrow indicates William M. Ivins, chief counsel for Mr. Barnes. His head is resting on his arm. His eyes are fastened on the witness, Mr. Barnes is indicated by the arrow on the right. His left hand partially covers his mouth. His eyes seldom left Mr. Roosevelt while the latter was testifying.

ENGLAND RELIEVED BY JAPAN'S REPORT

DETAILED EXPLANATION GIVEN
OF DEMANDS MADE ON
CHINA.

All the Leading Powers Are Believed
to Be Acquainted With Status
of Matter.

Washington, April 26.—The Japan-
ese government has given to Great
Britain a detailed explanation of the
demand made upon China, which ac-
cording to information obtained here
is said to have relieved apprehension
in London as to the scope of the Ja-
panese policy in China.
The report today from Peking that
the conferences had been resumed and
that Japan now had presented twenty-
four demands, including the twenty-
one originally made, was received with
much interest in Washington, but of-
ficials had no advice from the Chinese
capital of any character.
Neither the Japanese embassy nor
any of the other diplomatic missions
concerned in the negotiations were ad-
vised of the situation at Peking today.
Now that the subject has been dis-
cussed with Great Britain, the United
States and other powers, some ob-
servers think Japan may have re-
newed the plan to obtain China's ap-
proval in principle to the demands,
which met with flat rejection in Feb-
ruary. With such an acceptance, it is
thought Japan might not be disposed
to press for a detailed agreement on
many of the points, preferring to have
the present negotiations stand as an
expression to the world of Japan's in-
terests in China.

The report from Peking that some
of the railroad concessions now de-
manded by Japan encroached on the
so-called "sphere of influence" of
Great Britain in the Yangtze valley
was offset by confidence here that Ja-
pan's explanations to London of the
purpose of her demands and Sir Ed-
ward Grey's speech in parliament in-
dicated that Japan was in constant
communication with her ally, Great
Britain.

Since Japan's assurances were re-
ceived here in the answer to the re-
cent American note of inquiry, some

CLAIM DEPUTY WAS KILLED BY STRIKERS

TESTIMONY GIVEN IN MURDER
TRIAL OF LABOR
LEADER.

Nimmo Advanced Upon Position in
Which Miners Were En-
trenched.

Trinidad, Colo., April 26.—Testimony
was given today at the trial of John
R. Lawson, labor leader, charged with
murder, that strikers entrenched in a
cut on the Colorado & Southern at
Ludlow fired more than 250 shots at
an automobile which was bringing them
fresh supply of ammunition Octo-
ber 25, 1913.
This testimony was given by Chas.
Sydney, who said he formerly was a
member of the United Mine Workers
and had acted as a bodyguard for
district 16 Frank J. Hayes, at-
torney for the executive board for district
15.
It was near the railroad cut that
John Nimmo, a deputy for whose death
Lawson is on trial was killed, and wit-
nesses for the state have testified he
was shot by men in the cut as he ad-
vanced upon the position said to have
been held by the strikers just before
dark.
Sydney testified that about the time
the recent Colorado strike was called
he had been employed by Lawson, E.
L. Doyle, secretary-treasurer of
district 16, and had been a bodyguard
and secret agent. He said he ceased
to act as secret agent after a time, but
continued to be a bodyguard and pur-
chaser of ammunition for the strikers.
In describing his alleged experiences
at the battle of October 25, Sydney
said he had left Trinidad about 10
afternoon for Ludlow with an auto-
mobile load of ammunition, accompanied
by his brother, E. N. Snyder, a
labor leader. He said several other
automobiles left Trinidad about the
same time. He testified that when
they reached a point about 200 yards
from the cut where the strikers were
entrenched they were fired upon.
"There was considerable firing," he
said. "We took out our handkerchiefs
and waved them and then Lawson
came up, received some of the ammu-
nition and drove it over to one of his
men. He carried a rifle and had a
pistol strapped at his side."
When Lawson met him he said, "My
God, is anybody hurt here? We fired
over 250 shots at you! They hadn't
hit us, though."
Sydney said he told the men with
him to take the ammunition to the men
in the cut and take what was left to
the colony.
"Did he have his rifle when he went
back?" Snyder was asked.
"Yes," replied the witness.
T. H. Sowder, at one time champion
rider of bucking horses of the world,
who acted as a deputy sheriff at Lud-
low, testified Nimmo was a few feet
in front of him as the deputies ad-
vanced toward the railroad cut near
Ludlow. Nimmo was killed, he said.
"I heard a shot fired from the cut."
Nimmo turned around to me," he
said. "Sowder, and said 'I guess they
have got me, boy.'"

No More Bodies at Austin.

Austin, April 26.—No additional
bodies have yet been recovered here
in spite of most diligent search and
generous rewards offered. It is feared
the missing, if drowned, have been
swept far down the Colorado river.
Water is pouring over the top of the
dam but no serious damage is appar-
ent.

Levee Did Not Break.

Texarkana, April 26.—Levee en-
gineers along the Red river tonight
denied reports circulated today that
the 100 foot levee had been washed
away near West City Ark., and it is
stated authoritatively that no break
had occurred at any point along the
Red river. While that stream is ris-
ing, no damage yet has been done, it
was said.

Cyclone at Blank Ranch.

San Antonio, April 26.—Three build-
ings and a huge silo were demolished
and one woman sustained a broken
leg under the debris of her home in a
windstorm of cyclonic fury which
struck the Blank ranch, six miles
south of San Antonio, Sunday fore-
noon. In the heavy rain which ac-
companied the blow, grain was beaten
into the ground and crops ruined. A
resultant flood in the Rosillo and
Leon creeks damaged several county
bridges, throwing one fifty-foot con-
crete bridge off its columns. County
engineers are working to repair the
damages.

Washout Near Stamford.

Stamford, April 26.—The two bridges
on the Stamford and Northwestern
railway between Stamford and Spur
were washed away yesterday by swell-
ing streams, hampering a passenger
train which goes from here to Spur
and returns each day. A relief train
was sent to get the waterbound pas-
sengers, who were conveyed to the
train by teams, reaching Stamford
late last night.

Floods Along Colorado River.

Columbus, April 26.—Lowlands
along the border of the Colorado river
were flooded today, causing consider-
able loss to crops. No loss of life
or of stock was reported. The flood
stage at East bridge was thirty-five
feet at 11 a. m. and reports of con-
tinued rise above here caused uneasiness.
The river was rising slowly here
and showers continued.

FLOODS SERIOUS BUT NO FURTHER RAINS

BRAZOS AND COLORADO RIVERS
ARE OUT IN LOWER
SECTIONS.

Crops Have Been Destroyed, but Can
Be Replanted in Some
Places.

Houston, April 26.—Flood conditions
are becoming more serious in the lower
reaches of the Brazos and Colorado
rivers tonight, the encouraging fea-
ture being the lack of reports of more
rain. The Guadalupe at Victoria is
reported falling and danger is be-
lieved passed in that section. Several
roads are still badly tied up in the
vicinity of Athens, where the Koon
Krook Klub dam gave way, that alone
entailing a damage of \$50,000. Rail-
road traffic is still badly tied up in
east and central Texas. In Wash-
ington, Waller, Brazos, Robertson and
Burleson counties the lowlands are
submerged and the Brazos waters still
raging. Crops are destroyed but can
be replanted. Fred Bortz was drowned
at Somerville this morning and news
is received of the death of Arthur
Dickerson, aged 19, by lightning at
Angleton.

George Stelzer and family of twelve
were marooned by water at Cawthon
Sunday night in the home, but a local
train sent out from Bryan managed
to reach them and brought them to
Bryan Monday. They lost all their
property.

No More Bodies at Austin.

Austin, April 26.—No additional
bodies have yet been recovered here
in spite of most diligent search and
generous rewards offered. It is feared
the missing, if drowned, have been
swept far down the Colorado river.
Water is pouring over the top of the
dam but no serious damage is appar-
ent.

Levee Did Not Break.

Texarkana, April 26.—Levee en-
gineers along the Red river tonight
denied reports circulated today that
the 100 foot levee had been washed
away near West City Ark., and it is
stated authoritatively that no break
had occurred at any point along the
Red river. While that stream is ris-
ing, no damage yet has been done, it
was said.

Cyclone at Blank Ranch.

COLONEL ADMITS HE KRON PRINZ WILHELM CONSULTED THE BOSS WHILE WAS GOVERNOR UNTIL WAR IS OVER THOUSANDS ATTEND OPENING NIGHT OF MAE-KO-WACO SHOW

TALKED WITH HIM WITH REF-
ERENCE TO APPOINTMENT OF
OFFICIALS IN STATE GOVERN-
MENT AND VARIOUS LEGISLA-
TIVE AND POLITICAL MATTERS

REFERS TO THOMAS C. PLATT

Letters Between Roosevelt and Sen-
ator Platt Cause Questions of Con-
ferences—Asks Advice About Mak-
ing Speeches—"Tammany" Is Men-
tioned in Correspondence.

Syracuse, N. Y., April 26.—Theodore
Roosevelt admitted under cross-exam-
ination today in the suit for alleged
libel which Wm. Barnes has brought
against him, that while governor, he
had freely consulted the "boss" of the
republican party in New York state
in reference to the appointment of of-
ficials in the state government and
various legislative and political mat-
ters.
The testimony resulted from ques-
tions asked after letters of a series
that passed between Colonel Roose-
velt and Senator Platt had been read
to the jury. In these letters both
writers discussed all matters of po-
litical and legislative affairs. In one
Colonel Roosevelt asked the senator's
advice about making speeches. In
another senator Platt told the colonel
he had received a copy of a bill in-
troduced by Grady in which the sen-
ator said he considered it inadvisable
to give Tammany from \$10,000,000 to
\$12,000,000 on an appropriation. It was
said tonight the vessel probably would
not be moved to the navy yard be-
fore Wednesday.

The United States government will
maintain a naval and military patrol
around the Wilhelm until she is taken
to the Norfolk yards, there to be laid
up near the Prinz Eitel Friedrich.
Another German sailor, who said he
interned nearly a month ago, said
tonight the vessel probably would
not be moved to the navy yard be-
fore Wednesday.

Collector Hamilton came unexpected-
ly. Early in the day the Wilhelm,
which had been anchored in the har-
bor since leaving the ship yard last
week, was towed to a coal pier and
began loading several thousand tons
of coal.

This fact, together with reports
that she had been granted sufficient
provisions to carry her to the near-
est German port, caused the belief
in some quarters that the cruiser was
preparing to depart. The loading of
the coal continued after the notice
of the German sailor, and the vessel
was reported to be under way April
11 after spending eight months in
the South Sea. Several times she
was reported destroyed, but she elud-
ed many hostile warships which
sought her and destroyed merchant
ships of the allied nations. She was
many and one neutral vessel, a Nor-
wegian bark. The commander claim-
ed the bark carried contraband.

The colonel added that not being a
member he felt "in honor bound
to leave his children the equivalent
in the way of a substantial sum of actual
achievement in politics or letters."

A stipulation between counsel that
deposits of four unnamed witnesses
outside the state should have the same
effect as if the witnesses appeared on
the stand first was read into the re-
cord. Mr. Ivins, Mr. Barnes' attorney,
then read the record letters written
by Mr. Barnes to Colonel Roose-
velt and by the colonel to Mr. Barnes
and to Herbert Parsons.

The latter letters, dated Aug. 21,
1908, were nearly identical in contents
and phrasing. In one letter Roose-
velt said that Governor Hughes be-
lieved he would set up a political
machine and all politicians who op-
posed him would have to "sneak in the
back door or get out of politics."

The reply of Colonel Roosevelt read
in part:
"It is not pleasant for me to sup-
port a man who has wantonly be-
haved toward the very men who did most
in securing his selection. I would ap-
prove his turning them down in the
public interest, but I object to his be-
ing done wantonly. If we had the
right to put in his place, it is the
right from the standpoint of getting
votes." I should say that it was cer-
tainly wise to nominate such a man.

"But no such man is in sight. Un-
der the very conditions it seems to me
that, while it will do damage to renom-
inate him, it will do more not to renom-
inate him and that that damage will
extend outside of the state. My judg-
ment is that the convention ought to
renominate him."

Letter to Parsons.

A copy of the letter was sent to Mr.
Parsons.

On Aug. 24, 1908, Colonel Roosevelt
wrote to Mr. Barnes:
"Most emphatically, whatever my
friends do up in Albany, I shall stand
by them. I have given them, includ-
ing you, my best judgment. Now, if
you and those like you fear I shall ask
you to cut your throats, your fear is
groundless. But my judgment is a
convention will nominate Hughes and
it would hurt very much more not to
nominate him than to nominate him."

On Aug. 27 Colonel Roosevelt wrote
to Mr. Parsons, then New York
congressman, denying Parsons' asser-
tions that sentiment was against
Hughes and also that he was using
Parsons as a puppet. He also denied
he was in charge of the national cam-
paign.

In a postscript to this letter Colonel
Roosevelt said:
"I'll stand heartily for whatever you
and the rest of the leaders finally do,
and have intention of forcing the
nomination or of trying to."

Colonel Roosevelt said his favoring
Governor Hughes was "because I
thought the people wanted him."
Mr. Parsons, then New York
congressman, denying Parsons' asser-
tions that sentiment was against
Hughes and also that he was using
Parsons as a puppet. He also denied
he was in charge of the national cam-
paign.

CAPT. THIERFELDER GIVES NO-
TICE TO UNITED STATES THAT
HE WILL NOT MAKE DASH FOR
SEA, AS HE FIRST HAD IN-
TENDED.

60 MEMBERS OF CREW ARE ILL

Ship Surgeon Says Men Will Not Be
Well From Effects of Beriberi in
Time for it to Put Out of Newport
Waters, Where It Is Now in Dry Dock
Undergoing Repairs.

Newport, N. H., April 26.—The Ger-
man commerce destroyer Kron Prinz
Wilhelm will be interned for the war
in American waters at the request of
her commander, Lieutenant Captain
Thierfelder. Notice of his intentions
was given to the German officer to
Collector of Customs Hamilton today
in this message:
"Herewith I have to officially in-
form you that I intern."

Commander Thierfelder later am-
plified verbally this message, say-
ing it had been his intention to at-
tempt to dash for sea past the allied
warships off the Virginia Capes, but
the continued illness of more
than 60 members of his crew would
make that move impossible before the
expiration of the time limit set for
his departure. It was understood the
Washington government had allowed
the commander until midnight April
30 to repair his ship and put to sea.

The commander told the collector
that his surgeons had informed him
today there was no prospect for the
early recovery of the sailors who are
suffering with beriberi, and added
that his ship could not be properly
manned with so many of her crew
incapacitated.

The United States government will
maintain a naval and military patrol
around the Wilhelm until she is taken
to the Norfolk yards, there to be laid
up near the Prinz Eitel Friedrich.
Another German sailor, who said he
interned nearly a month ago, said
tonight the vessel probably would
not be moved to the navy yard be-
fore Wednesday.

Collector Hamilton came unexpected-
ly. Early in the day the Wilhelm,
which had been anchored in the har-
bor since leaving the ship yard last

CROWDS JAM STREETS SO THAT
PARADE HAS DIFFICULTY IN
GETTING THROUGH—EXPOSI-
TION OFFICIALS AND OTHERS
INTERESTED ARE DELIGHTED.

EXCELLENT PROGRAM TONIGHT

Booths Unusually Attractive—Sam-
ples and Souvenirs Distributed and
Prizes Given Out—Large Crowd
Hears Speeches Formally Opening
the Enterprise.

Program for Tonight.
Chas. Smith, Jr., and wife.
The Hoffmannettes.
Henry Stubbfield, solo.
Violin solo, Harry Bahl, accompa-
nied by Harry Lee Spencer.

Some twelve thousand happy and
enthusiastic Waco citizens crowded
into the Made in Waco exposition
building, Fourth and Washington, last
night and it is conservatively esti-
mated that at least five thousand per-
sons were turned away because the
building was not big enough to ac-
commodate the crowd. When the big
parade started from Eighth and Aus-
tin, shortly after 8 o'clock, the streets
were so jammed with spectators that
it was with difficulty the line of march
was maintained.

The parade was a success. The
opening program was a success. The
crowds were delighted with the booths,
the souvenirs distributed and prizes
given away and it was with reluct-
ance that many left the hall at closing
time.

"I am proud of Waco," said Mayor
J. Higgins. "This is fine, simple,
fine."
"Couldn't have gone off any better,"
declared J. M. Penland, chairman of
the Y. M. B. L. home industry com-
mittee. "We certainly got a suc-
cess, but this exceeds our fondest ex-
pectations."

"The people of Waco have surely
rallied to this movement," said J. J.
Hutchinson, president of the Y. M. B. L.
"It is a pleasure to try to do anything
when the people get behind it like this."

A new meaning was coined for the
words "community co-operation," said
H. A. Armstrong, manager of the ex-
position. "I am happy to overflow-
ing and I certainly feel proud of your
city."
In fact, everybody was happy and
it was a joyous throng that witnessed
the parade, heard the program and el-
bowed their way through the aisles
where Waco manufacturers and busi-
ness concerns had established their
booths. There were "free lunches," all
kinds of samples and valuable prizes
given away at the booths.

The crowds were so dense that
Sheriff Fleming, marshal of the pa-
rade, had considerable difficulty get-
ting things started. As his aides were
constantly Leslie Stegall, Chief of Po-
lice, and McNamara, and the city
commissioners, Judges Tom H.
McCullough and George N. Denton and
the county commissioners came next
in automobiles.

Then came company K, Texas Na-
tional Guardsmen. Little more than
a year ago the boys had marched off
to the Mexican border. And last night
they marched in a parade for a great-
er cause. The boys were in line,
greeted their appearance. Directors of
the Chamber of Commerce, members
of the manufacturers' association and
of the Women's Business League came
next. The Boy Scouts were in line,
and the Y. M. B. L. in large numbers.
The entire fire department formed the
last division.

The Red Cross passed along to every-
body and it was a beautiful sight
the long parade

PAPE'S DIAPEPSIN FOR INDIGESTION OR BAD STOMACH

RELIEVES SOURNESS, GAS,
HEARTBURN, DYSPEPSIA IN
FIVE MINUTES.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia, when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually. Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

THOUSANDS SMILE IN GRANDSTAND

Houston Ball Fans Get Enthusiasm in
the Midst of Much Vita-
litas Color.

There were 5,467 fans at the Houston ball park at the first game. This was a sufficient number to capture the silver loving cup offered by President Davidson for the biggest opening day attendance in the Texas league. All those fans saw something, too, besides baseball. They noticed and smiled at the new Vitalitas color with which the grand stand is decorated, giving it a bright appearance. Each one of the thirty-two post supports of the roof has been painted a bright yellow and then lettered in black as follows: "Vitalitas, for indigestion, rheumatism, biliousness, catarrh, nervousness, bad blood, debility, etc."

Good health is essential to the enjoyment of baseball as well as other things of life, and Vitalitas is daily giving health and vigor to thousands of people throughout Texas. It is Nature's greatest corrector and tonic and should be in every home.

You can get Vitalitas at Powers-Kelly Drug Co. For sale by druggists generally.

Waxahachie Wants Firemen's Convention Held There in 1916

Waxahachie, April 26.—Mayor H. E. Prince of Waxahachie, here tonight made public the following telegram addressed to Mayor J. W. Higgins of Waco:

"Mayor Higgins: You will please advise the Waco fire boys that 'Waxahachie in 1916' was the slogan adopted in mass meeting of the volunteer firemen and citizens here tonight, when thirty or forty firemen and citizens pledged themselves to visit Waco during the State Firemen's convention for the purpose of inviting Texas firemen to hold their next state meeting at Waxahachie.

"Assurance is given by the business men that ample funds will be available for the entertainment of visitors. 'Hospitality is the biggest asset of the banner cotton county of Texas.'"

Oil Company at Cameron.

Cameron, April 25.—At a meeting held yesterday, attended by many of the leading citizens of Cameron, an oil company was organized. Mayor E. P. Lester was elected president and D. L. Wilson secretary.

The company has purchased 135 acres of land near the town of Thrall and as soon as possible will sink several wells on their holdings. It is possible that a company will be organized to drill for oil near Cameron.

Dr. T. FELIX GOURAUD'S Oriental Cream OR MAGICAL BEAUTIFIER

Removes Tan, Pimples, Freckles, Moth Patches, Rash and Skin Diseases, and every blemish on the face and body. It has stood the test of 60 years, and is as effective as ever. It is the only skin preparation that is so sure to be effective. It is the only skin preparation that is so sure to be effective. It is the only skin preparation that is so sure to be effective.

As the least harmful of all the skin preparations, it is recommended by the highest authorities. It is the only skin preparation that is so sure to be effective. It is the only skin preparation that is so sure to be effective. It is the only skin preparation that is so sure to be effective.

April—the Diamond Month

THIS is April, the month of diamonds. Tradition for ages has named the birthstone for the post-Lenten month, and has said that good fortune comes to those who wear their birthstone.

THIS is a time of sentiment along with the beauty and permanent value of diamonds makes them particularly desirable. Should you want to get yourself something really fine, or something else for some friend, the best advice we can give you is "get a diamond."

DIAMONDS will always be admired for their beauty, and as an investment they have a permanent and increasing value.

ARMSTRONG & PFAEFFLE

SCHOOLS INEFFICIENT SAYS DR. EGGLESTON

ADDRESSES SOUTHERN COM-
MERCIAL CONGRESS AT
MUSKOGEE.

SAYS DEPOPULATE COMMUNITY

Children Acquire Arithmetic and Ad-
enoids, History and Hookworm, Cas-
sar and Spinal Curvature.

Muskogee, Okla., April 26.—Dr. J. D. Eggleston, president of the Virginia Polytechnic institute, told the Southern Commercial congress here today that ninety-seven out of every hundred school children "go forth into life unable to apply their so-called education to the immediate problem of making a living, the problem that immediately confronts them."

"A purely academic course of study—the kind we now have," said the doctor, "causes the school to become an active emigration bureau and either depopulates the community or keeps it at the least at a stagnant standstill."

Year after year, he declared, educators with the assent of parents, force children to go to school and "acquire arithmetics and adenoids, history and hookworm, algebra and astigmatism, cube root and consumption, Caesar and spinal curvature."

The speaker said manual training could be started with "a boy, a broom-handle and a knife," and that popular co-operation with the demonstration and extension work now in the hands of the agricultural colleges would make farming communities "blossom like the rose."

He urged that every city, town and village have school systems by which young and old, men and women, might not only learn to read, write and figure, but to improve and perfect themselves in whatever line of work they choose for a living.

Ransdell Wants Waterways.

Development of waterways and the natural resultant transportation competition and not regulation by the Interstate Commerce commission or other bodies, offers the escape of the United States from excessive railroad freight rates, according to Senator Joseph E. Ransdell of Louisiana, chairman of the senate committee on rivers and harbors, and president of the National Rivers and Harbors association, who addressed the Southern Commercial congress here tonight.

Senator Ransdell pointed out that he was not an opponent of railroads, "for our railroads have been the greatest civilizers the world has known."

"But the shippers and the consumers of this country are entitled to the use of the waterways God has given them," he said, "and such competition is the proper way to regulate our roads."

"The chief advantage of water transportation is its great cheapness compared to rail. As an example, \$60,000 tons of freight passed through the Sault Ste Marie last year at an average cost of .08 of a mill, compared with a rail rate of .73 of a cent. This same relative difference exists on all well improved waterways."

"Another typical case is the rail rate from New Orleans on the Illinois Central to Hammond, La., a distance of 58 miles, which is 12 1/2 cents, while the rate from New Orleans to Memphis on the same road, a distance of 395 miles, is 12 cents. Memphis is on the Mississippi river. Hammond is in the interior."

"If the government were to charge people the same proportionate rate for carrying mail, the cost of transporting a letter from New Orleans to Hammond would be about 13 cents, while one to Memphis could be carried for about two cents."

Arkansas Susceptible to Navigation.

Senator Ransdell insisted that the Arkansas river is susceptible to navigation to Muskogee and pointed out that the development of the waterway would benefit the entire surrounding section.

"The development of the Missouri river has done wonders for Kansas City," he continued, "and will continue to be a potent factor in the up-building of its tributary territory. They have built there magnificent terminals in connection with the waterway. I firmly believe that in order to compete with the railroads' system of loading and unloading we must dispense with the old fashioned negro stevedore and put in his place mechanical devices such as are used on the great lakes."

Senator Ransdell pointed out that a great decrease in freight rates would follow the establishment of barge lines connecting with ocean-going freighters at New Orleans and running to St. Louis, Kansas City, Minneapolis, St. Paul and Pittsburgh and points on the Tennessee, the Cumberland and the Illinois rivers.

"Our waterways are nature's great highways, built by God and used by men thousands of years before railroads were thought of," he asserted. "All our commissions and investigations will be useless unless we develop competition through them. Such natural competition is the only way to regulate our railroads."

"I believe that American farmers could obtain results from co-operation, surpassing those in all other countries if proper laws were enacted and correct principles followed," Mr. Herrick continued. "Their self sufficiency and absence of community life, cited as arguments against its success are the very reason why co-operation organizations should be introduced. Although America has no rural villages as in Europe, the automobiles of the farmer here eliminate the question of distance and of sparseness of population."

"Before farmers can do anything in co-operation worthy of its name, they must first of all rid their minds of the false notion that it is intended mainly for the affairs of little people or persons in distress. The rural co-operative banks should not remain as isolated and detached associations for investing savings in loans in a neighborhood. They should be formed with a view of serving as basic units of great systems and be authorized by law to carry on banking operations of all kinds."

Funeral of R. A. Sandlin.

Belton, April 26.—The remains of Robert A. Sandlin, a former Belton citizen, who died at Aspermont last week, were received here Sunday and funeral services were conducted in the afternoon. Deceased was aged fifty-three years and was a Santa Fe railway employe for thirty-five continuous years of that period. He was unmarried and is survived by three brothers, William of Aspermont, James Sandlin of Belton and Kim Sandlin of Nolan Valley.

Packery Official Says Rates on Fresh Meats High Enough

Chicago, April 26.—Present freight rates on packing house products and fresh meats are so remunerative to the railroads, according to C. B. Heinemann, assistant traffic manager of

Morris & Co., packers, that there is no justification for increasing the tariffs.

Mr. Heinemann occupied the witness stand before W. M. Daniels, interstate commerce commissioner, all day, voicing the objections of the packing house interests to an increase of 3 1/2c a 100 pounds of fresh meats and packing house products, one of the advances proposed by forty-one railroad systems on certain commodities. Regarding fresh meat rates he said: "The proposed advance from Omaha,

St. Joseph and Kansas City to the Mississippi river and points east would total \$8,063,694.20.

"It looks to us as if the carriers were trying to make the packers bear the burdens created by unremunerative rates on other hauls and other commodities."

"Against an average per mile earning of 10c on a number of commodities moving between Kansas City and Omaha, we now pay 16 1/2c on fresh meats and 18.6c on packing house products."

City Officer's Nab Swindler Who Broke Jail at Waxahachie

Plainclothesmen Craven and Brandon yesterday afternoon captured H. L. Williams, who broke jail at Waxahachie Friday. He was charged with swindling. Signed checks were found on his person here, and it is thought he intended to repeat his operations in Waco. He will be returned to Waxahachie this morning by Ellis county officers who came after him yesterday afternoon.

Country Club Board Meeting Postponed

The meeting of the Country club for the purpose of calling the annual election of officers which was scheduled for yesterday was postponed on account of some of the directors being out of the state and some being on the sick list. The meeting will take place as soon as a quorum of the directors can get together, and the election will be announced immediately.

The present officers of the club are, president, W. C. Lawson; vice president, L. S. Cowen; secretary, S. H. Miller.

Woman's club meets with Mrs. Llewellyn Aubrey, South Third street; 3:15 o'clock.

Women attend Made in Waco exposition, South Fourth street; afternoon and evening.

Lily Auction Bridge plays with Mrs. Edwin Clark, 906 North Sixteenth; 3 o'clock.

Parent-Teachers' association meets, Sanger school; 3 o'clock.

Daughters of Rebekah assist in banquet to visitors; 8 o'clock.

Penelopes meet with Mrs. J. I. Gates and Miss Nellie McCartney, 316 North Eleventh; 3 o'clock.

Young Married Ladies Bridge plays with Mrs. Luke Moore, Junior, 617 South Third street; 3 o'clock.

Bridge Juniors play with Miss Elizabeth Patton, 1609 Columbus; 3 o'clock.

Current Event club meets with Mrs. J. D. Bell, 1305 Washington; 2:30 o'clock.

COUNCIL OF JEWISH WOMEN DOES NOT MEET TODAY

By an error in the date the Council of Jewish Women was announced in advance of the prescribed time. It is next Tuesday, and not today, upon which the monthly meeting is held.

COURTESIES TO VISITORS TO BE SHOWN THIS WEEK

The visit of the Mrs. I. M. Wilbur from Paris with her sister, Mrs. Eugene Peak from Ohio, is to be further marked by special attention. Mrs. M. P. Eaton in luncheon and Mrs. W. B. Knight in a card matinee, are mentioned as among the first.

PENELOPES CHANGE DATE CLUB MEETS TODAY

Owing to the departure for Ohio later in the week of one of the hostesses in prospect, the Penelopes are in session this afternoon rather than on the accustomed Thursday. Miss Nellie McCartney and Mrs. J. I. Gates are receiving the club at 3 o'clock. Mrs. Gates is returning to her home in Ohio.

THE DOMESTIC SCIENCE HAS A CALL MEETING

Mrs. Joseph Mitchell as president announces a call session of the Domestic Science for Wednesday morning at 10 o'clock, in her home. This is to arrange details for an evening country supper with the husbands guests of honor, on Friday. Mrs. Walter Lacy as this week's hostess for the club will have several additional guests and entertain at the Huaco club on Thursday afternoon.

SUFFRAGE STUDY CLUB RECEIVES NEW MEMBERS

Several new members were enrolled in the Study Suffrage club at its meeting on Saturday. There were Dr. W. O. Wilkes, Alfred Godehaw, Artemas R. Roberts, Miss Adele Hutmacher, Miss Fay Bolger, Mrs. Collins, Mrs. Camille Franklin and Mrs. W. H. Forester. The principal business of the session found all expense attending the lectures of Miss Todd and Dr. Shaw met. It was decided to have monthly teas in private homes as a means of bringing together the men and women who are interested in the movement. The first will be with Mrs. Edward Rotan, president of the club, in early May. The chief feature of the afternoon was the presentation of the affirmative and the negative on the subject of votes for women, the papers prepared for formal debate at Baylor university. These were repeated by special invitation, the authors

Serve a Hot Muffin Supper

Light, flaky muffins, oven hot and golden topped, a super-time goody that certainly will strike that hungry spot. Serve them with the finest, richest syrup you can buy anywhere. That's

Velva

with the best of flavor, nourishing goodness and the satisfying elements that put real strength into growing children. Give them Velva three times a day. They'll say "Great" when they eat it on your flaky hot biscuits or on waffles or batter cakes. Use plenty of Velva and you'll keep the cost of the table down. Get Velva at your grocer's. Ten cents up. Save the coupons on the labels and send for premium catalog to

PENICK & FORD, Ltd.

STUNNING FROCK IS ELABORATELY TRIMMED WITH BLACK AND WHITE.

Pale blue cloth made an elaborate visiting toilet in this instance. The bell shaped skirt forms added plaits on the back part. The jacket has shortened fronts, finished with bands of white cloth and black soutache work. The collar and facings are of black liberty with ornamental buttons and stitching on jacket and skirt.

DIXIE TEA ROOM IN DETROIT IS OF LOCAL INTEREST

Visitors to Detroit this summer must take a cup of tea in the Dixie Tea Room for the sake of Auld Lang Syne. In years gone by, when Mrs. Beuna Padgett Isham was a society girl here, her frequent visitor was Miss Annie Ibrahim from Seguin. This friendship has remained unbroken, and it is through Mrs. Isham that the old Waco friends hear again from Miss Ibrahim. She has opened a "Dixie Tea Room" in Detroit, something after the conduct of the now fashionable and famous Mary Elizabeth rooms in New York City and Boston. Southern delights are much sought in northern shops, and Miss Ibrahim is peculiarly equipped, not only with southern recipes, but with southern cordiality. "Mary Elizabeth" made her fame in a downtown tea room, and her special molasses candy attracted the Fifth avenue denizens. One by one, in another section of the city, this enterprising young woman, and a charming woman she is, established an antiques tea room. The last is on exclusive Fifth avenue. The Bostonians visited New York; they also visited Mary Elizabeth, and the result is a "Mary Elizabeth" room in a fashionable district of Boston. The same success to Miss Ibrahim and the Dixie!

TWO HUNDRED GUESTS FOR PARLOR MUSICALS

The formal expression of pleasure over their household guests gave society a delightful surprise yesterday in the close of a very full week. In this, Mrs. James Nelson McFarland and her mother, Mrs. Irvin Lewis, presented Mrs. L. M. Wilbur of Paris and Mrs. Eugene Peak of Ohio, on Saturday afternoon. This was in the spacious McFarland home, and prepared as this home is for a large company, there was an overflow into the sun parlor, when all seats were taken for the musical program. The wealth of the spritlike was quite pronounced. Baskets upon baskets of American beauty buds, rivalled by vase after vase of the most delicate and fragrant flowers, placed of preference. The spring idea was repeated in the program leaflets, and again in the confection tid-bits which accompanied the punch at the close. There was no formal reception, only the welcome from hostesses and the presentation of their honorees to two hundred, many friends of their former residence, but many more Wacoans since their residence in distant homes.

The first enjoyment centered upon the rendition of the following program: Mrs. J. W. Carroll, pianist; Miss Fern Thurman, contralto; Miss Minnie Johnston, soprano. Sextette from "Lucia di Lammermoor".....Donizetti (Arranged for the left hand by Leschetizsky.)

Mrs. Carroll.....Schubert
Miss Thurman....."J'ai pleure en rêve".....Georges Hue
(b) "Chanson Provinciale".....Dele Acquin
Miss Johnston.....Moszkowski
Waltz, op. 34....."My Heart at Thy Sweet Voice" (from "Samson and Delilah").....Saint-Saens
Miss Thurman....."Songs My Mother Taught Me".....Miss Johnston.....Dvorak
"O Lovely Night".....Tachemacher
Miss Johnston and Thurman.

As all pleasures are enhanced by relief, greatly as the music was enjoyed, it was pleasure, too, to mingle more generally while the refreshing cup of punch with sweets was passed. Mrs. E. A. Kaubach was assistant hostess.

Thus, with the large card matinee of the Saturday previous and this delightful musicale for the friends who are not addicted to bridge, the Mesdames Lewis, McFarland and Kaubach have placed at least three hundred friends under social debt with this Easteride.

Society Notes

Mrs. John T. Bonner of Terrace Row who was in San Antonio for the Battle of Flowers, is at home.

Listen for the wedding bells to ring from Columbus street Baptist church at high noon on a June day.

In deference to the fighting soldiers' uniform, the women will all wear white linen suits this season.

In addition to good voices, the soloists in the coming Mikado are to appear in rich imported costumes.

Mrs. John Karner of West Morrow is soon withdrawing permanently. She returns to her former home, Waxahachie.

Mrs. Clarence Martin, formerly of this city, but now from Fort Worth,

"WACO'S GREATEST DEPARTMENT STORE"

A Slaughter Sale

Of Wolfe's Bedding and Pot Plants will be sold cheap at 419 Austin Ave., next to Naman & Goldsmith's Tuesday through Saturday.

The Emerson club in its session this afternoon is scheduled for a special Texas day program, the nearest meeting of the Emersons to the Texas San Jacinto.

Now that the state Folk Lore society is to meet here, it is time to decide if it really was a Waco woman who, in talking to one of the Folk Lore enthusiasts, exclaimed, "Of course Texas must have a Folk Lore society. If some one does not write it, I will do it myself." The lady should be invited out to Carroll chapel. She might learn something.

Why not show appreciation for the work of the Euterpean club by the deed which will lessen a labor? That is, telephone Miss Hallie Jenkins, Miss Beattie Hyrd Burleson, Mrs. Joseph Evans or Mrs. Worth Burleson, and enroll as associate members of the Euterpean club for next season. This will, if done, make lighter quite a task which these captains of teams have assumed.

The "Polymural" movement is on, and it concerns women only. What is it, do you say? Well, it is some woman's idea which calls for another woman's inventing a dress which will serve as well for kitchen as for opera; for funeral as for reception. We would like to see one, surely. Perhaps the funny man, like Othello, will find his occupation gone because he can not compute how much of her life a woman spends before her mirror.

Dr. Nutter reached home from San Antonio on Monday. He reports a round of gaiety, general and special, for the Waco party, the Misses Norma Binner and Enrique Smith with Miss Esther Cornwall of New Jersey. Not only was the festival week full of overflowing, but engagements will detain the Waco party in San Antonio another few days. The coronation as well as the flower parade Dr. Nutter pronounces of surpassing beauty and brilliancy. In every way San Antonio did herself proud. All three of the Waco girls were featured by photograph in the San Antonio Express. Waldo Brown is not yet returned.

I hereby announce the opening of the Tribune apartments, over the Tribune printing office on Washington street. Close to the business center, across from the interurban station near the court house. Everything new and up to date, hot and cold water; strictly a bachelors' apartment. Not the cheapest, but the best. W. L. TALLY.

Notice to Subscribers:

Delivery routes in the City of Waco are in the hands of independent carriers, who buy their papers at wholesale prices. Subscription accounts are due them, not The Waco Morning News. They are under heavy bond, not only to give the best delivery service, but to pay for their papers each month. Their remuneration is the difference between the wholesale price and the retail price which they receive from subscribers. This margin of profit is such that they cannot afford to extend credit, except month by month. They are not required, and they are advised against delivering the paper to anyone who does not pay in accordance with the above subscription terms. These carriers are all earnest, hard working men and they will appreciate any courtesy shown them.

The Morning News should be delivered throughout the City of Waco by 6:30 a. m., and subscribers failing to receive the paper at that time will confer a favor by phoning the Circulation Department, both phones 1152, and a copy will be sent by special messenger.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The Morning News will be gladly corrected upon its being brought to the attention of the management.

AN IDEAL CITIZEN.

Tennessee comes into the limelight every once in a while and in lots of different ways. The latest accomplishment of that state is its discovery that there lives within its borders at least one ideal citizen—we are sure there are many others if the effort were made to locate them—but this one was discovered by an editor, and editors, as a rule, are very careful in their judgments and opinions and for that reason we can accept the estimate of this man without question.

The ideal citizen lives in the town of Greenville and the discovery was made by the editor of the Greenville Searchlight. The story as it reached this office goes that the Searchlight editor, remembering the expedition of Diogenes in search of an honest man, decided he would go out and see if he could find an ideal citizen. But more fortunate than Diogenes, he succeeded in finding what he went after, and thus describes—not what an ideal citizen ought to be, so much—as the real thing:

"He is making his money here, he is raising and educating his family here, and he expects to live and die here.

"When he has any money to spend he first looks carefully over the advertisements in this paper. If he finds what he wants he goes there and gives that merchant the first opportunity.

"In everything he buys he gives the home merchant the preference.

"He occasionally buys articles from abroad, but these are cases wherein he cannot find that which he seeks in his own community.

"He believes in his home town and because he does believe in it and intends to continue to live in it grasps every possible means of advancing its interests by keeping his money in circulation at home."

While there may be some other qualifications which we would include in an ideal citizen, we are sure that a man who does all this Tennessee citizen does has lots of other good qualities to his credit, also, and we are sure that if the number of such citizens in Waco is not large today it will be after our people have seen the "Made in Waco" exposition.

McKinney high school boys, determined that the girls shall not occupy the whole stage in the "Live at Home" propaganda, have ordered uniform suits for their commencement exercises, the suits to be made by a McKinney tailor from goods made by a McKinney mill from cotton grown in Collin county. Those boys, 21 in number, are making a good start in business ideas and if they show as good judgment in other affairs as they do in their relationship to home industries they will succeed abundantly.

Muskogee knows how to give the "glad hand" alright. Yesterday on the occasion of the annual convention of the Southern Commercial Congress in that city the public schools were dismissed in order that the pupils might act as guides to the visitors, and the justice of the peace adjourned court in order that he might perform marriage ceremonies, free of charge, for the visitors.

Now comes the I. and G. N. railroad with the announcement that it will expend \$350,000 in additional rolling stock equipment in the near future. Progress is still on the way and it was not seriously delayed by the high waters that prevailed in sections of the state within the past few days.

"Big bass are biting," reads a headline. This may be good news to those who have time to fish, but its awfully tantalizing to those of us who have not.

California schools have set apart a special day to the anti-slang movement in the hope of getting back to pure English.

THE CONSTITUTIONAL AMENDMENTS.

Six important constitutional amendments are to be voted upon in this state the last Saturday in July, possibly the largest number of important amendments ever submitted to the electorate of this state at one time, and it is well that the people begin now to study the issues involved in those amendments and prepare to cast an intelligent vote upon them. If the measures are found to be meritorious they should be supported; and if they are lacking in merit, then the duty to go to the polls and register a vote against them is equally obligatory.

The proposed amendment that will arouse the largest general interest, perhaps, is that one which seeks to confer upon traveling men, railroad employees and others who are apt to be away from home on business on the day of elections the right to cast their votes for state and district offices at whatever town or polling place they may happen to be, the proviso being that they shall vote but once and that they shall have paid their poll tax before voting at all. Another proviso, and a very wise one, too, is that the voter shall be an American citizen, all that has been necessary for foreign-born residents to obtain the privilege of voting heretofore being merely an expression of their intention to become citizens.

Another amendment provides for the complete separation of the Agricultural and Mechanical College from the University of Texas under terms and conditions believed to be fair to both institutions. The friends of A. and M. College favor the amendment and many of the friends of the University of Texas have done so in the past. From our viewpoint the amendment is possibly the most urgent one of the entire number and we would be delighted to see it adopted.

Five justices for the state supreme court, three of whom shall be necessary to a quorum and to hand down a decision, are provided for in another proposed amendment, there being only three justices at present. Provided the amendment is adopted, the two new justices will be elected by the people as at present, and the governor shall call an election to determine who shall fill the two new places as soon as the amendment is adopted.

A fourth resolution submits an amendment providing for the levy of a tax not to exceed fifty cents on the \$100 valuation of property for road purposes, this tax to be levied by a majority of the qualified voters in a county or subdivision of the county or a specially designated district.

In another of the proposed amendments there is a provision for the issuance of bonds or the lending of its credit, otherwise, not to exceed one-fourth the value of the real property of the district involved for the following purposes:

(a) Improvement of rivers, creeks and streams to prevent overflows and to permit of navigation thereof, or irrigation therefrom, or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purpose of irrigation, drainage or navigation or in aid thereof.

(c) The construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof.

By far the most novel of the proposed amendments is that which, if adopted, would make it possible for the various counties of the state to create, through the action of their commissioners' courts, a students' loan fund to be loaned to students of the various high schools of the county to enable them to complete their high school courses, and after they have graduated at the high schools to enable them to pursue their studies in any of the state's higher educational institutions. The citizens of the county shall determine, by a majority vote, whether such a loan fund shall be established, and they shall determine, too, by a majority vote whether a special tax not to exceed 20 cents on the \$100 property valuation shall be levied to create such a fund. It is provided that the loans shall be made under the direction of the commissioners' court and that the people shall have the authority, after two years from voting on such a tax have elapsed, to petition the court for an election to repeal that tax. Twenty-five per cent of the voting strength of the county must appear on the petition calling for the election and a majority vote will determine whether the tax shall be repealed.

This amendment—as are all of the others, perhaps—is due to meet stubborn opposition. It is an innovation in educational movements and while it may have certain objectionable features, it also has its virtues. Each of the proposed amendments will be discussed in these columns from time to time between now and the election and though this is an off year in Texas politics, we hope the vote on the various amendments will be sufficiently large to make it representative of the will of the majority of the people of the state. Unless popular interest is aroused by a heated campaign many good people frequently fail to vote. The amendments to be passed upon in July are too important to be passed by slightly, no matter if they are not of a nature to arouse public enthusiasm. But they are more interesting than the average constitutional amendment and are deserving of careful consideration and intelligent voting.

Indian Commissioner Cato Sells has just expended \$600,000 for improved breeding cattle for the various Indian reservations of the country. Mr. Sells has been stressing improved farming and livestock among the Indians, along with a policy of temperance, and there is a perfect compatibility between the two programs. Mr. Sells showed good judgment, too, in coming to Texas for much of the livestock needed for the Indians.

The highest compliment we have heard paid any law recently is the statement of some of the wholesale druggists of the state that the Harrison anti-narcotic law has reduced the wholesale trade in narcotics fully 75 per cent.

Mrs. Joseph G. Wren deserves the compliment the Enterpeans paid her in making it possible for her to attend the biennial convention of the national federation of musical clubs at Los Angeles, for this comes as a recognition of long service well rendered.

If Miss Edwards, former district nurse, should accomplish nothing more than to bring about the means of providing milk for the underfed children of the public schools, her month's service will have more than justified itself.

This has been a great spring for young men whose thoughts have been turning to love. For instance, 500 lovers have been proposing to a Denver girl who inherited \$4,000,000.

THE MOVIES AND GOOD MUSIC.

Women's clubs of Texas are working along a good line in their efforts to induce the proprietors of the motion picture shows of the state to offer good music in their theaters in preference to rag-time and other music that falls equally as far below standard. In a resolution recently adopted at the convention of the Fourth district of the state federation, and copies of which will be forwarded to every motion picture show proprietor in the state, it was pointed out that the masses of the people become familiar with and addicted to whatever character of music they hear most, and the women believe the people will appreciate and favor standard music as readily as they do music that does not measure up to the standard provided they hear standard music as often as they do the other kind.

We made mention a few days ago of the efforts of the Enterpean Club to elevate the musical tastes of the public school children of Waco by giving a program of standard music for their benefit. The same organization has enlisted its efforts in the movement to bring about the offering of higher grade music at all the picture shows of this city.

Of the 100,000,000 people now resident in the United States it has been estimated that 11,000,000 visit the motion picture theaters daily. While these figures may not be authoritative, it is a matter of certainty that several million persons do visit the picture shows on an average of once a day. This gives an idea of the great hold the movies have upon the people and the influence the shows of this character can wield upon the nation by coming into direct contact with so large an element of its people. Good music offered in these theaters will become familiar and the next step to becoming familiar is that of becoming popular, and if the movies can succeed in popularizing good music and relegating poor music they will have justified their existence as an educational as well as a purely entertaining factor, and educational in the sense that it is cultural as well as informational.

HOMELY JOYS OF SPRING.

Being a man is not, ordinarily, a hardship, but it is at this time of the year, thinks the Nashville Tennessean. To take the tide of joy at its flood and ride on to raptures, one must be a boy at this season, and a country boy. For a man may not discard shoes and socks and tinkle his toes on the tender grass, nor wade in the clear spring branches until a chill comes to the ankles, and then cover his feet with warm, dry sand in a sunny place till the glow returns. A man may not even hide with impunity in the growing green of a hickory thicket where the sap is rising and spend all the long, bright day making "whistles" from the straight, limbleless trunks of infant trees. You know how it is done? The bark comes away from the core with a smoothness and an ease that makes it an eternal delight, and the sound is very pleasing when, in the twilight, a bunch of boys start homeward blowing "whistles" of all sizes—the shrill little ones no larger than the small finger of a lady's hand, and the sonorous bass of others of goodly girth, like a man's wrist, and all the sizes between.

A man, unless he be a slave to the "missus," may not even spend the day carrying water to pour on the ash hopper, though a boy can tire himself out at that task and be pleased—or, at least, sufficiently rewarded when, after long waiting, the clear, ruby lye begins trickling into the pot in a dug hole under the gutter.

But, though all those joys are now in the land that used to be, there is still sufficient pleasure in the springtime for those of us who have to try to be men. It is the time when we get rid of the bundling underwear that has made us measurably miserable throughout the winter, and revert to half lengths. The old Panama hat, easy and soft and don't-give-a-rap, is ready to come out of the closet. The Palm Beach suit may shortly resume its career of service. In short, the time is at hand when a man may go forth arrayed in a dime's worth of clothes and feel at home. The fish are biting along the creeks and he may loiter there when his business permits.

There are joys for all at this season, and good promise. It is a season for thanksgiving and reverence toward the Giver of all good gifts. For are not close housing and much wrapping things of the past, and is not the great outdoors calling and beckoning and smiling?

The highest compliment we have heard paid any law recently is the statement of some of the wholesale druggists of the state that the Harrison anti-narcotic law has reduced the wholesale trade in narcotics fully 75 per cent.

Mrs. Joseph G. Wren deserves the compliment the Enterpeans paid her in making it possible for her to attend the biennial convention of the national federation of musical clubs at Los Angeles, for this comes as a recognition of long service well rendered.

If Miss Edwards, former district nurse, should accomplish nothing more than to bring about the means of providing milk for the underfed children of the public schools, her month's service will have more than justified itself.

This has been a great spring for young men whose thoughts have been turning to love. For instance, 500 lovers have been proposing to a Denver girl who inherited \$4,000,000.

State News

Elks' Army Plan Waco Invasion.
Dallas, April 26.—General William Doran and Gen. W. H. Patterson, two members of the board of strategy of the Texas Elks' army, made a reconnaissance visit on Saturday afternoon to Waco. The visit was secret in the extreme and the object was to give these two tactical leaders an opportunity to study the Waco fortifications and make other observations. Following the trip of espionage General Doran, who is a recognized authority on fortifications, redoubts, trenching and other arts pertaining to the defense of cities, announced with considerable elation that the Waco defenses were very weak.

"We were led to believe," said General Doran, "that the Waco defenses were as impregnable as the Dardanelles. A thorough inspection by General Patterson and myself has convinced us that the Elks' army can capture the city with the greatest of ease when we move on it in May. In fact, we think that the city can be captured without the firing of a shot, although one or two high balls may be used in the fray."

Temple Excursion to Fort Worth.
Temple, April 26.—The executive committee of the Young Men's Business League has about completed plans for its trades excursion to Fort Worth on May 17th and is getting everything in readiness. The trip will be made over the M. K. & T. railway, the special train departing from here at 4 a. m. on the 17th prox., making fifteen stops en route and arriving at the Panther City at 10:30 a. m. of the same day. Upon arrival a mammoth street parade with many novel and entertaining specialties will be staged, and the remainder of the day spent in seeing the sights and attending the annual convention of the Texas Young Men's Business League, which will be in session at the time. A strong pull will be made to land the 1916 convention for Temple. Two hundred excursionists will be in the party and will be accompanied by a band of music.

Dallas After Lower Gas.
Dallas, April 26.—With the ultimate aim of securing for Dallas a lower gas rate, Henry D. Lindsley, mayor-elect, is investigating regarding the furnishing of gas to Dallas from the Mexico fields. Mr. Lindsley is at present in communication with C. T. Herring of Amarillo, and associates who own and control gas fields at Mexico, Texas, about 100 miles away. Mr. Lindsley has asked Mr. Herring to submit a definite proposition in regard to piping gas to Dallas at a cheaper rate than is paid by consumers through the Dallas Gas company to the Lone Star corporation. The Dallas Gas company, so Mr. Lindsley says, is not affected. The company merely acts as a distributor.

Detectives After Auto.
Temple, April 26.—The parties who appropriated an automobile on the Taylor-Temple road have a "guess" coming to them as the owner, C. P. Guess of this city, has enlisted the services of detectives and is on the scent of the lost car. Mr. Guess paid a visit to the Thrall oil fields the day prior to the big rains. Traveling at night, his car took the ditch and was permitted to remain over night. Then it rained. When the spot was visited everything was there but the auto. Of it there was no trace, not even wheel tracks showing the direction it had taken. Guess is not of a sanguine temperament to take the loss without an effort to regain his property and a thorough search is being conducted.

Lease Prospective Oil Lands.
Temple, April 26.—Thousands of acres of land are being quietly leased by Temple parties in Bell county in the vicinity of Temple, String and Rogers where oil and gas indications have existed always. The string of Thrall has aroused interest anew in the possibilities in the local territory and as soon as sufficient territory has been leased stock company will be organized and test wells sunk in different places on the lease. Mineralogists have for a long time agreed on the proposition that oil existed somewhere in this territory and that it was simply a matter of determining where to drill in order to uncover a new field.

Kuykendall's Appointment Confirmed.
Belton, April 26.—At the meeting of the Bell county commissioners' court today the appointment of Abner J. Kuykendall of Temple as successor of the Temple precinct or Beat No. 3 of Bell county, was confirmed.

Judge W. S. Shipp announced the appointment Saturday night. Mr. Kuykendall was shot and killed here Friday over matters pertaining to official duties. The appointment is one of great importance, as the incumbent has under his immediate supervision the expenditure of \$800,000 in building, planked roads in the Temple district.

Diocesan Council to Meet.
Dallas, April 26.—The Right Reverend Bishop C. Garrett, Bishop of the diocese of Dallas, has notified the clergy of the diocese that at the annual meeting of the diocesan council to be held in St. Matthews Cathedral, Dallas, he will ask for the election of a coadjutor bishop.

A year ago when the diocesan council met this matter came up for consideration but the council failed to select a coadjutor bishop. Bishop Garrett is now very advanced in age and feels the need of a younger man to help take some of the work of the diocese from his shoulders.

Temple Police Reorganized.
Temple, April 26.—The Temple police force has been partially reorganized under the new administration of John L. Irvin, city marshal, by the designation of Wallace Stiff as deputy marshal, D. McKay, motorcycle policeman, Jim Ham, mounted patrol officer, and Messrs. W. V. Fisher, K. S. Guinn, John Parker and J. R. Guinn, patrolmen. Other appointments are to be made soon. The incumbents hold their positions in accordance with efficiency and good behavior.

church, this city, are organizing a mammoth ladies' minstrel show, to be participated in by sixty of the best-known and popular members of the gentler sex in Temple. Rehearsals are being held diligently in anticipation of the event, which is to be held at Temple theatre on the night of April 30th. The committee in charge is composed of Mesdames W. G. King, H. L. Dailey and J. W. Nichols. The proceeds will be devoted to discharging church obligations assumed by the organization.

Three Negroes Killed.
Dallas, April 26.—Three negroes died in Dallas Sunday night as the result of violence. Wink Ivory, negro, shot last Thursday by a convict guard while trying to escape, died from the wounds. Roy Bell, negro, was shot by a seventeen-year-old negro boy who was protecting his mother from an assault. Charlotte McDade, negro woman, died from knife wounds inflicted by Lillian Wesley Saturday night. The Wesley woman surrendered.

Byron W. King at Tehuacana.
Tehuacana, April 26.—Byron W. King, president of King's School of Oratory, Pittsburg, Penn., gave one of his famous lectures at the college auditorium last night. He will also give a Bible reading at the 11 o'clock service Sunday. Mr. King's rare gift of oratory, together with the humorous and spiritual phase of his lectures, makes it a treat to hear him.

BETTER BABIES

The crusade for better babies has spread from coast to coast, and taken firm hold of American mothers. Few women realize how much the ill health of the mother influences the unborn child, both physically and mentally. Women who suffer from mysterious pains, backache, nervousness, mental depression, headaches, etc., should rely on Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, which for nearly forty years has been the standard remedy for these ailments.

NASH, ROBINSON & CO.

Clinton G. Brown Is Elected Mayor of San Antonio

San Antonio, Tex., April 26.—In the city primary election today, changing from the aldermanic to the commission form of municipal government, Mayor Clinton G. Brown and his four commissioners were nominated by a majority ranging from 1,000 to 1,500 votes, which is equivalent to election on May 11. Other members of the board are James F. Garland, commissioner of taxation; Ray Lambert, commissioner of sanitation and public property; Clinton H. Kearny, commissioner of streets and public improvements; Albert Stevens, commissioner of police and fire.

Authorize I. & G. N. Receivers to Issue \$700,000 Certificates

Houston, Tex., April 26.—Judge Walter T. Burns of the federal court issued an order today authorizing the receivers of the International and Great Northern Railway company to issue receivers' certificates for \$700,000. Half of the proceeds of the certificates will be for the purpose of paying interest on first mortgage bonds originally issued by the old International and Great Northern Railroad company, falling due May 1 this year. The remainder will be spent in improvements and a cash payment of 10 per cent on \$1,000,000 rolling stock.

FLOODS SERIOUS BUT NO FURTHER RAINS

CONTINUED FROM PAGE ONE.

roads in many places have been cut to pieces. San Antonio sustained practically no damage, although the river came up to an alarming stage. Weather bureau says prospects are for more rain. Train connection with Austin still is broken.

Danger Over at Marlin.
Marlin, April 26.—The water in the Brazos, Deer creek, Big creek and Little Brazos is subsiding and the danger of the Brazos leaving its banks here is practically over. No great damage was done in the city, but many farms, roads and bridges were badly damaged all over the county.

The track on the Houston and Texas Central has been repaired and the trains on that line are going on to Bremond, but the International and Great Northern is still forced to stop here.

Rains in Cook County.

VILLA AND OBREGON FORCES WILL MEET

TO CLASH IN BATTLE WITHIN A
FEW DAYS SOUTH OF
TORREON.

ZAPATA ADVANCES ON CAPITAL

Slowly Enclosing Obregon—Railroad
Communication Shut Off Pa-
chuca to Tula.

Washington, April 26.—Forces of Generals Villa and Obregon probably will meet in a second battle within a few days somewhere south of Torreon, according to the Villa agency here tonight.

Villa is declared to have made his concentration at Agua Calientes, following his retreat from Irapuato and the advance of the Zapata forces from Mexico City is said to have drawn an "iron ring" about Obregon's army.

"General Obregon's army is not at Leon," the statement says, but somewhere south of Irapuato. Obregon has not reached Irapuato. The next battle will be fought perhaps within a week.

Obregon is completely isolated from supplies and reinforcements.

The Zapata forces advancing from Mexico City upon Obregon's rear have welded together the iron ring with which the concentration forces have been slowly enclosing Obregon. Interruption of the railroad between Pachuca and Tula completed the work of cutting off Obregon. He has no communication with Vera Cruz.

Advices to the state department today made little reference to the Villa-Obregon situation.

Mail advices from Sonora said conditions there are nearly normal, with the exception of the Yaqui Valley district, where the Yaqui Indians have been active and have attacked several foreign ranch properties.

It is stated, said a state department summary, "that if the American companies in Sonora can be kept at work the situation of the poorer classes in the matter of supplies will be greatly helped. The Creston-Coleman company is said to be trying to relieve the situation by accepting flat money of the state at 40 cents United States currency on the dollar. It is reported that the governor has increased taxes, making some payable in United States currency at the rate of two for one."

Refugees Scatter Over U. S.
Galveston, April 26.—The U. S. transport Summer docked at 6 o'clock tonight with 233 refugees from Tampico, Mexico, who are carrying them from Galveston to their homes in all parts of the United States. All but fifteen of the refugees are Americans.

Two-thirds of the passengers on the Summer are business men of Tampico, engaged in the oil trade, and who are coming to the states on business. The remainder of the passengers are relatives of oil men in the Tampico fields. Most of the arrivals have funds and less than 50 required aid which was supplied by the National Red Cross society.

The passengers explained that the Summer is the first boat out of Tampico in eight weeks and that the passengers had accumulated in that time. They forwarded to the war department tonight a letter setting forth their thanks for transportation and their treatment by the Summer's officers.

No new work is going on in the oil fields, the travelers say, and they are merely marking time.

Carranza officials, they said, have notified all residents of Tampico that if they are driven out by the Villa forces they will destroy all property that they are unable to carry along with them.

Tampico, they report, is isolated from the balance of Mexico, all train and automobile communication having recently been stopped.

The transport, however, being prepared for a return trip, this time to Vera Cruz for a large number of Americans who desire to return to the states.

Orders for the trip, however, have not yet been received.

Brownsville Hospital Closed.
Brownsville, April 26.—The American Red Cross hospital here during the recent fighting between Carranza and Villa forces before Matamoros, was closed today. Sixteen patients, lying in the hospital were taken to private institutions. During the operation of the institution 200 Villa wounded were cared for.

Thirty Dallas Bridges Gone.
Dallas, April 26.—That thirty bridges in Dallas county have been washed away was the statement of county commissioners today, following heavy rains Sunday night and Monday morning in the northern part of the county. All streams are higher than ever known. White Rock creek is said to be wider than it has been in years. More than \$200,000 damage to Dallas county alone it is believed has been done. No lives have been lost, but it is believed property damage throughout the country will be enormous.

Sun Shines at Stamford.
Stamford, April 26.—After a week or more of very rainy weather, the sun shone again bright and clear. The ground is thoroughly soaked and water is standing everywhere. The farmers are glad to see the fair weather and report everything well advanced and the best possible condition, but lots of work ahead.

The rainfall is variously estimated at from five to eight inches in the adjacent territory.

Decision as to Liquor in England.
London, April 27.—The government has finally arrived at a moderate decision for dealing with the drink problem, according to the Times which places the proposed restrictions under the following heads:

First, prohibition of the sale of immature spirits; second, encouragement of the brewing of lighter beers; third, special public house restrictions in "unlucky" areas; fourth, reduced hours of sale generally; fifth, compensation for the interests affected.

No Liquor to Soldiers.
Dublin, April 27.—Brigadier General Hill, commanding all the troops in the Dublin district, has issued an order forbidding the sale of alcoholic liquors to soldiers or sailors.

B. W. L. INDORSES MADE-IN-WACO SHOW

B. W. L. ATTENDS OPENING IN
BODY, FOLLOWING MEET-
ING LAST NIGHT.

All Occupations of Women Represented
by Speakers—Approve Women's
Peace Party Propaganda.

Following an interesting series of short talks last night from various members covering every recognized field of business activity for women, the Woman's Business League went in a body to the Made-in-Waco exposition and took part in the opening ceremonies. The exposition also came in for a great deal of discussion during the meeting, the speakers giving its enthusiastic endorsement to the work of the Y. M. B. L.

A resolution approving the propaganda of the Woman's Peace party was adopted by the league.

Miss Nannie B. Ferguson, accompanied by Miss Raeburn, rendered several selections on the violin, following which talk on music as a profession for women.

The following members spoke: Dr. Ellen J. Gildersleeve, "Osteopathy as a Profession for Women"; Miss Susie Hall, "Law"; Miss Lizzie Woodard, "Dressmaking"; Mrs. Van Duser, "Stenography"; Mrs. Rives P. Halsey, "Insurance"; Mrs. Helen B. Wilson, "Millinery"; Mrs. J. W. Downs, "The Home as an Occupation"; Miss Nannie Ferguson, "The Violin."

**THOUSANDS ATTEND
OPENING NIGHT OF
MADE-IN-WACO SHOW**

CONTINUED FROM PAGE ONE.

Y. M. B. L. home industry committee, called the meeting to order.

"The genuine pleasure that we announce to you that the Waco-Made exposition is now open," he said. "This exposition is but one more step forward toward the culmination of the hopes of the home industry committee of the Young Men's Business League in its endeavor to place into every home not only one product that is made in Waco, but every product that is manufactured within the limits of our city that is used and needed therein."

"Certain it is that this movement is worthy of consideration on the part of each and every citizen living in Waco or the surrounding community. It is only if it is worthy of our consideration, but it demands our support and needs our energy and co-operation to make it a success to which it is entitled."

Mr. Penland declared that the exposition is the finest of its kind in the world. He described the agricultural conditions of Central Texas in glowing terms and paid an eloquent tribute to the cotton plant.

"The horizon of the future is all aglow with hope and promise," he declared. "We are in a position to see the day when Austin avenue will extend from West to McGregor, Fifth street from Marlin to Meridian, with all the country in between filled with happy citizens of Waco."

Y. M. B. L. Complimented.
Mr. Penland called on Col. W. A. Poage, who spoke extemporaneously for the organization of the Chinese police. He had been here for fifty years, had seen Waco grow before and would see it grow again. He said he could remember when the rich land around here was used mostly for cattle ranges.

"I went away for a few years," he said, "and when I came back I found the Y. M. B. L. I took my hat off to the organization. It has pushed Waco to the front. Gatherings like this bring the city together and the manufacturers will show you that you needn't go anywhere else to buy what you want. And as long as Waco is producing the kind of boys we need, we needn't worry. She will continue to go ahead."

Mr. Penland ventured the hope that Waco would have a cotton mill in a time not very far away and the city and the packing industries of the stock industry as well by purchasing home-made goods.

The band played as the crowd trooped downstairs to mingle with other thousands who had not been able to get into the room. The Central Christian church, which has a rest room on the second floor, took the opportunity to pass out copies of a "made-in-Waco" directory, the church publication, devoted entirely to the made-in-Waco exposition and a description of the church activities.

Good Program Tonight.
Doors open at 10:30 this afternoon and the program will be given at 8 o'clock tonight and each following night on the second floor. An unusually attractive program is tented for tonight, including Charles Smith Jr. and wife, the Hoffmannettes, a solo by Henry Stubbiefield, and a violin solo by Harry Bahl, accompanied by Harry Lee Spence.

Souvenirs of many kinds will be given out, orders will be taken for "Made in Waco" goods and each night valuable prizes will be given away. No admission whatever is charged. This is the show of the manufacturers, and the business concerns taking part in it, and they are footing the bill. And last night's attendance indicates that the exposition will be one of the greatest successes in the history of Texas.

State Bank at Hillsboro.
Austin, Tex., April 26.—The secretary of state's department today approved and filed an amendment to the charter of the First State bank of Hillsboro, increasing its capital stock from \$50,000 to \$150,000.

**Combing Won't Rid
Hair of Dandruff**

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most, if not all, of your dandruff will be gone, and three or four applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

Keep the Children Bright and Happy

Happy youngsters must be healthy. The digestive organs of children get out of order as readily as do those of their elders, and the result is equally distressing. When the bowels are clogged with an accumulation of refuse from the stomach the child naturally becomes cross and fretful from the discomfort, and is often punished for temper when medical attention is really what is needed.

The next time your child is cross and unhappy, without apparent reason, try giving it a mild laxative. Dr. Caldwell's Syrup Pepsin is a mild, pleasant tasting combination of simple laxative herbs with pepsin. It is especially recommended for children because of its freedom from all opiate or narcotic drugs and its gentle action. It is sold in drug stores everywhere. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.

I would advocate even a third wall of defense, that of the United States, and urge that you buy "Made in Waco" products in preference to those those manufactured abroad.

"This is one of the greatest projects of the Y. M. B. L. if not the very greatest. We must try to make the interests of the manufacturers of our city. Only by patronizing home industries can we bring other industries into Waco. Waco grows as it should."

"Up to a year ago, I paid little attention to whether an article was made in Waco or not. But it was for lack of information since the 'Made in Waco' campaign has started, I have begun to find out how many different kinds of articles are manufactured here. The sentiment to buy Waco-made goods is growing. I believe all that is needed now is for the manufacturers to put their goods before the people and the people will do the rest."

Show Making History.
Judge McCullough declared that this exposition was not only making history for Waco but for the state of Texas. He spoke of the Y. M. B. L. in the highest terms. "The Y. M. B. L. is not only brought us into the presence of industrial expansion," he declared, "but has caused Waco to come to life after a slumber of many years. The entire state of Texas is feeling a thrill as a result and the Y. M. B. L. has become an exemplar and pattern for progressive business organizations all over the United States."

"Every citizen of Waco who is loyal to the city or capable of thinking of economic progress knows that when an enterprise in Waco prospers, all prosper. When money is sent away, it goes some place else, probably never to return and some other man in some other place."

Judge McCullough spoke of the fertility of the Central Texas soil and said that he would declare it the finest agricultural land in the world. He described the agricultural conditions of Central Texas in glowing terms and paid an eloquent tribute to the cotton plant.

"The horizon of the future is all aglow with hope and promise," he declared. "We are in a position to see the day when Austin avenue will extend from West to McGregor, Fifth street from Marlin to Meridian, with all the country in between filled with happy citizens of Waco."

Y. M. B. L. Complimented.
Mr. Penland called on Col. W. A. Poage, who spoke extemporaneously for the organization of the Chinese police. He had been here for fifty years, had seen Waco grow before and would see it grow again. He said he could remember when the rich land around here was used mostly for cattle ranges.

"I went away for a few years," he said, "and when I came back I found the Y. M. B. L. I took my hat off to the organization. It has pushed Waco to the front. Gatherings like this bring the city together and the manufacturers will show you that you needn't go anywhere else to buy what you want. And as long as Waco is producing the kind of boys we need, we needn't worry. She will continue to go ahead."

Mr. Penland ventured the hope that Waco would have a cotton mill in a time not very far away and the city and the packing industries of the stock industry as well by purchasing home-made goods.

The band played as the crowd trooped downstairs to mingle with other thousands who had not been able to get into the room. The Central Christian church, which has a rest room on the second floor, took the opportunity to pass out copies of a "made-in-Waco" directory, the church publication, devoted entirely to the made-in-Waco exposition and a description of the church activities.

Good Program Tonight.
Doors open at 10:30 this afternoon and the program will be given at 8 o'clock tonight and each following night on the second floor. An unusually attractive program is tented for tonight, including Charles Smith Jr. and wife, the Hoffmannettes, a solo by Henry Stubbiefield, and a violin solo by Harry Bahl, accompanied by Harry Lee Spence.

Souvenirs of many kinds will be given out, orders will be taken for "Made in Waco" goods and each night valuable prizes will be given away. No admission whatever is charged. This is the show of the manufacturers, and the business concerns taking part in it, and they are footing the bill. And last night's attendance indicates that the exposition will be one of the greatest successes in the history of Texas.

State Bank at Hillsboro.
Austin, Tex., April 26.—The secretary of state's department today approved and filed an amendment to the charter of the First State bank of Hillsboro, increasing its capital stock from \$50,000 to \$150,000.

**ENGLAND RELIEVED
BY JAPAN'S REPORT**
CONTINUED FROM PAGE ONE.

high officials have been of the belief that a satisfactory adjustment of the Japanese-Chinese questions eventually would be reached through the negotiations might be necessary. There has been little evidence of a crisis, although the serious character of the negotiations has not been underestimated here. Officials are keeping closely informed as to developments.

New Draft Is Presented.
Peking, April 27, 2:07 a. m.—A new draft of the Japanese demands on China was presented to the Chinese foreign minister, Lu Cheng Hsiang, yesterday by the Japanese minister, Eki Hiroki.

Some modifications of several minor points in the demands have been made. The clause in the original demands relating to the supervision in the organization of the Chinese police by the Japanese has been withdrawn except with reference to Manchuria and the second clause of group 3, relating to the Hanyehpings company mining concessions, has been eliminated entirely.

The new document contains twenty-four articles, the new ones being due to the Mongolia group, having now been separated from the Manchuria group. The Japanese plenipotentiaries have, it is said, informed the Chinese plenipotentiaries that the revised draft is the irreducible minimum. The acceptance of which Japan insists upon. But Japan, it is stated, makes one noteworthy concession, offering to restore Tsing Tau to China if China defers no longer the acceptance of the Japanese demands.

Lu Cheng Hsiang received the document without committing himself and immediately referred it to President Yuan Shi Kai. It is said in high official quarters that it probably will be a week before China's reply is ready. The Japanese have fixed no time limit for the Chinese to make answer.

It is understood that when Y. Obata several months ago was acting as Japanese chargé d'affaires here, he protested to the Chinese government against the project of the American Red Cross to control the Hwai river, which traverses southern Honan and northern Anhwei provinces and which every year rises and floods the country, causing large loss of life and great damage to property. Mr. Obata is said to have stated the action was unfair to Japan.

Fair Play for China.
San Francisco, April 26.—Fair play for China is asked in a letter sent today to Secretary Bryan by the Chinese Six companies, representing a membership of 80,000 Chinese in North and South America.

MONEY WILL COST CITY ONLY 3-4 PER CENT

SEPTEMBER 30 MATURITY OF
NOTES ACCEPTED BY
BANKERS.Mayor Higgins Wires Acceptance.
Says City's Credit A-1—Money
to Be Used for Maintenance.

The \$50,000 loan authorized by the city commission Saturday afternoon will cost the city only 3-4 per cent. Mayor J. W. Higgins yesterday received a telegram from New York bankers with whom he had taken the matter up, accepting the maturity of the notes September 30, and reducing the interest from 4 per cent. Mayor Higgins wired the bankers yesterday afternoon to send the two notes for \$25,000 each, which will be properly signed and returned, after which the money will be forwarded to the city treasurer.

The \$50,000 will be used to pay off an overdraft now existing of \$17,000, which is costing the city 6 per cent, and to care for expense of the city government until the remaining city taxes begin to come in on June 1.

"I think that the negotiations that have ended so successfully today prove that Waco's credit is A-1 in the eastern markets," said Mayor Higgins yesterday. "It also shows that there is plenty of money that can be had at low rates, which is the surest indication of returned prosperity."

Waco Cotton Men Back From State Meet at Dallas

W. C. Lawson of This City Re-elected
President and W. W. Fraser
Probably Secretary.

Waco cotton men have returned from Dallas, where they attended the convention of the Texas Cotton Men's association, held Friday and Saturday. W. C. Lawson of Waco was re-elected president of the association. W. W. Fraser of this city may be reappointed acting secretary by President Lawson. Other officers elected were F. G. Pauls and Theodore Mares, Dallas, vice presidents, and C. R. Fraser, treasurer.

The convention in Dallas was very enthusiastically attended by the cotton shippers and buyers from all over the state. The meeting was a discussion of the conditions and business in general of the last year and the outlook for the present year in all the departments of the cotton industry. The conditions as brought out by the different speakers showed that they were not as bad as the cotton people had pictured them and there was a very optimistic vein running through the tone of the convention for the coming year, as well as the one just passed.

The worst part of the season has passed for the cotton men, and in this, as in all other lines of business, there is a growing confidence brought about by improvement in handling and better prices. The crop is being moved more rapidly than was at first thought. It would be on account of the war interfering with the spinners, and conditions are gradually shaping themselves so that the surplus at first reported is being taken care of as rapidly as could be expected.

The meeting was addressed by Mr. Arnold, vice president of the First National bank of Chicago, who spoke of conditions as they existed in the northern markets. He said that the bigger shippers were optimistic as to the future of the cotton market, and that the buyers were experiencing improvement over the earlier season trade.

The convention ended Saturday night with a banquet tendered the delegates by the Dallas cotton men at the Adolphus hotel. The hotel turned the palm room over to the association in which to hold their meetings.

Date Not Yet Set for First Concert in Parks of City

No date has yet been set for the beginning of the municipal band concert in the different parks of the city. Prof. V. Alessandro, conductor of the band, which is under contract to the city to play in the parks this year, said last night that he had received no instructions when to begin the year's concerts. Last year and for several years before the first of the concerts was given on Easter Sunday in Cameron park.

Tampico Refugees at Galveston.
Galveston, Tex., April 26.—The 300 refugees from Tampico who reached quarantine last week on board the United States army transport Sumner came ashore at 6 o'clock this evening. The refugees who are without funds will be cared for by the direction of the American Red Cross. Many of them have already arranged for their railway transportation to destinations in the United States.

KEEP A JAR OF MUSTEROLE HANDY

IT QUICKLY LOOSENS UP COUGHS
AND COLDS IN THROAT
OR CHEST.

Just a little MUSTEROLE rubbed on your chest before you go to bed will loosen up congestion and break up most severe colds and coughs. MUSTEROLE is a clean white ointment made with oil of mustard. Simply rub it on. No plaster necessary. Better than mustard plaster and does not blister.

Thousands who use MUSTEROLE will tell what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbite and colds (it often prevents pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

SPANISH ROAST.

DINNER MENU.

Spanish Roast.

Cream of Tomato Soup.

Pimientos and Cream. California

Salad.

String Beans and Tomatoes.

Banana Pudding.

Coffee. Cheese.

USE two pounds of round steak and one pound of pork shoulder. Grind the meats thoroughly with a meat grinder. Mix one egg, one cupful of crackers and a little sliced onion. Heat two cupfuls of tomatoes, either canned or fresh. Season them with salt and pepper and add a pinch of soda. Pour over meat loaf and bake in oven. Before the meat is done use part of the tomatoes for making a gravy.

California Salad.
Soak a number of large prunes until they are plump. Remove seeds and quarter. Mix with equal parts of shell egg nuts, such as walnuts or pecans. Arrange the salad on lettuce leaves and serve with a French dressing.

Pimientos and Cream.
For each can of pimientos use one-half the amount of fresh or canned mushrooms. Mix some cooked and blanched sweetbreads cut in dice. Add one cupful of diced celery. Make a large cupful of white sauce seasoned with salt and paprika. Mix the ingredients in right consistency for stuffing. Fill the pimientos. Drain well and bake in the oven for fifteen minutes.

String Beans and Tomatoes.
Wash some string beans, drain and cut off the ends. Put in a baking dish with good olive oil. Season with some chopped onions and parsley, salt and pepper. Put the dish on the fire and cover. Cook slowly. As the beans dry add the juice of some tomatoes. Be careful they do not burn.

Banana Pudding.
Press three large ripe bananas through a sieve. To this add the pulp and juice of a lemon, one cupful of sugar and one-half cupful of preserved peaches. Mix a cupful of bread crumbs with two of good milk. Flavor with a cupful of sugar and the rind of one lemon. Stir in the beaten yolks of three eggs and one tablespoonful of melted butter. Add this to the banana mixture and pour into a well buttered baking dish. Bake in a moderate oven until firm in the center.

COLONEL ADMITS HE CONSULTED THE BOSS WHILE WAS GOVERNOR

CONTINUED FROM PAGE ONE.

negative when asked specifically about each of the men named.

Mr. Ivins then told Justice Andrews that he wished to put into evidence correspondence that passed between Thomas C. Platt and Colonel Roosevelt between 1898 and 1899.

Take All Time Desired.
Under a protest against the admission of the letters at this time, Judge Andrews told the lawyers to take all the time they desired so they began to go over them. Jury and spectators talked while this was going on. Colonel Roosevelt seemed to be impatient.

The letters finally were received as exhibit No. 50 and the reading of them was begun. The first was dated Oct. 21, 1898, addressed to Senator Platt. In it Colonel Roosevelt said:

"I was misquoted. I never discriminate against any man because of his religion or his race."

"I consulted Senator Platt about all matters he wished to be consulted about and then I did what I thought best."

William L. Barnum of Syracuse then was questioning the colonel.

In a letter from Colonel Roosevelt to Senator Platt, dated 1899, various persons suggested for surrogate were discussed. A postscript read as follows:

"All right; I'll change the whole board of tax assessors."

At that point a recess was taken.

In another letter Colonel Roosevelt told Senator Platt he had had a talk with the president and had been asked to make some campaign speeches in Maryland. He wrote to Senator Platt that he would go to Maryland unless he (Platt) could find any reason why he should not. The letter also said, "I have just seen the vice president, too, and I told him I would show him my message on the trusts after I showed it to you, my dear senator."

"Was Senator Platt one of the first to whom you showed your trust message?"

"I believe he was. I sent him a copy."

"Did he comment on the message?"

"I could not say."

The letter in which Colonel Roosevelt reported his return to Senator Platt was dated from Oyster Bay, July 1, 1899, it read:

"Just a line to report my return. I had a great time in the west and was received with wild enthusiasm. Toward the last, for fear the people being deluded into the belief that I attach too much seriousness to my reception, I made up my mind that I had better make a little statement saying of course I heartily favored the renomination of President McKinley."

In one of his letters the colonel wrote:

"I have one two rather curious things to tell you about the situation here."

In another written from Albany, Colonel Roosevelt mentioned that he had talked to the senator "about the judge's business." In reply to questions the witness said that he had talked to Senator Platt "many times about matters connected with judges."

"Do you remember," asked Mr. Barnum, "an occasion when you had the appointment of a judge to any court that you did not talk to Senator Platt about it prior to the time you made the appointment?"

"I cannot tell you," replied Colonel Roosevelt.

"Is it not a fact that you talked to Senator Platt always prior to making the appointment of an individual as a judge?"

"No,"

"Did Senator Platt recommend any persons to you to be appointed as judges that you declined to appoint?"

"Yes, a Mr. Smith."

Senator Lippitt Weds.
Providence, R. I., April 26.—A message from Washington announced the marriage today of Henry F. Lippitt, United States senator from Rhode Island, and Mrs. Thomas K. Laughlin, a sister of Mrs. William H. Taft.

GERMANS CONTINUE ATTACK ON ALLIES FRONT NEAR YPRES

CONTINUED FROM PAGE ONE.

The battle has had a marked effect in recruiting, which enjoyed a considerable boom today.

In the meantime, the Austro-Germans have evolved a new movement in the Carpathians. Apparently, they have withdrawn the force which attempted to outflank the Russians in the direction of Stry and are attacking them in the neighborhood of Uzsok Pass and to the east of that point. Austria claims to have gained a conditional success in the capture of additional heights and prisoners.

All that is known of the attack on the Dardanelles is contained in a brief official report that in spite of serious opposition troops have been successfully landed at various points on the Gallipoli peninsula and that their advance continues.

The attack is being made by land, the sea and the air. The allied air-men are playing an important part in the operations in locating positions and dropping bombs on the Turkish trenches and directing the fire of the warships covering the landing of the troops. The Russians are doing their share in making a demonstration against the forts at the Black Sea entrance of the Bosphorus.

The diplomatic situation with respect to Italy and Greece remains obscure. It is known, however, that conversations are still proceeding between the German allies and Italy and it is reported that an agreement has been reached between Rome and the triple entente.

The position of Greece may be cleared up after the visit which Prince George is paying to Paris and London, although nothing is likely to happen in the general election which is about to take place.

Holland, another neutral country, deeply interested in the war, is isolated except by telegraph, the British having placed an embargo on shipping although two steamers loaded with produce arrived at English ports from Holland today—while Germany has closed both her own and the Belgian borders.

The German action is dictated by the desire to hide the movements of troops. The British action is not explained, except by assumption that the admiralty expects a naval battle with the German fleet which is cruising off Heligoland.

French Official Statement.

Paris, April 26, 10:14 p. m.—The following official statement was issued by the war office tonight:

"To the north of Ypres on the left of the battle front we have made very sensible progress and have driven back the enemy, inflicting on him heavy losses. The Germans have employed a new asphyxiating gas but a means of protection has been put into service which has given the best of results among our Belgian allies and ourselves."

"A spirited infantry engagement has taken place near Fay, to the north of the line, the possession of an excavation caused by the explosion of a German mine. Our troops dislodged the enemy from it and have maintained the position notwithstanding two counter attacks."

In Champagne near Beaunejour the Germans attempted an attack which was immediately answered.

On the heights of the Meuse the attacks of the Germans on the front comprising Les Eparges, St. Remi and the trench of Calonne, have suffered a complete check. Despite the extreme violence of the German effort, the position at Les Eparges, the slopes of which are covered with bodies of dead Germans.

At the trench of Calonne our withdrawal of the day before yesterday, which was temporary and in which we suffered the loss of not a single man, was immediately followed by successful counter attacks on our part. The Germans delivered their attack with not less than two divisions. In the Vosges the enemy, after a bombardment of extreme violence, succeeded in gaining a foothold on the summit of Hartmanns-Weilerkopf. We occupy it at a distance of about 100

meters from the summit the positions from which we carried out an attack of March 23 and it was from those positions that we set out on the 26th to capture the summit by an assault which lasted seven minutes."

English Statement.

London, April 26, 11:15 p. m.—The British war office has issued the following statement respecting the battle around Ypres:

"First, severe fighting to the north-east of Ypres still continues, the general situation remaining unchanged. Our left flank in readjusting its line to meet the altered condition due to the original, forced retirement of the French had to face to the north and extend to the west beyond St. Julien."

"This extension weakened our line for a time and after a gallant resistance by the Canadians against superior numbers, St. Julien was captured by the enemy. Our lines now run south of that place."

"Second, our troops to the east of Ypres have borne the brunt of repeated heavy attacks which they have stubbornly opposed throughout the battle in an entirely unexpected situation, which has demanded the exercise of gallantry and fortitude by the men and quick resource and other military qualities by their commanders."

"Third, attacks also were delivered yesterday by the Germans on the east of the Ypres salient. In spite of the use by the enemy of asphyxiating gases, the attacks were repulsed and German officers and men were captured."

"In the fighting during the last three days we have inflicted very heavy casualties on the Germans. Our losses also have been heavy. The German wireless report that four English heavy guns were captured is untrue."

"One of our aviators dropped bombs on the Central station this afternoon and destroyed the junction. Although wounded, he brought his machine safely to our lines."

Austrian Official Bulletin.

Vienna, via London, April 26.—The following official communication was issued by the war office today:

"In the Carpathians in the sector east of Uzsok Pass the fighting continues. We captured yesterday new vantage points to the southeast of Kozlowa, taking several officers and more than 1,000 men prisoners."

"In order to regain the heights which they had lost, the Russians made several counter attacks and also attacked the neighboring districts, especially the heights of Ostro and Apon, to the east of Ostro. All the attacks were repulsed with heavy Russian losses. Two Russian battalions were almost completely annihilated and 100 prisoners were taken."

"Our troops, pursuing the enemy, occupied twenty-six Russian trenches, which contained much war material. The Russians before Uzsok Pass after their attack failed retreated in full flight. We gained ground to the southeast of Kozlowa."

"To the west of Uzsok Pass in Galicia, Poland and on the Dniester in Bukovina, there have been only artillery engagements."

Russian Statement.

Petrograd, via London, April 27, 1:47 a. m.—The following communication was issued tonight:

"In Poland in the littoral of Courland an enemy cruiser yesterday bombarded two villages without, however, obtaining any result."

"At dawn yesterday a German Zepplin threw several bombs on the town of Bialystok, but caused no losses."

"In the Carpathians on the 26th we successfully repulsed enemy attacks on the heights near Polen. In the direction of the Stry on the 24th and

Francis X. Bushman, Hippodrome today in "The Return of Richard Neal"

GAUGE SHOWED 26 FEET
AT 5 P. M. YESTERDAYHIGHEST MARK OF THE YEAR
REACHED BY BRAZOS
RIVER.Railroads Repairing Damage to Lines.
Telephone and Light Service in
City Being Rapidly Restored.Rises from up the river sent the
water in the Brazos up the gauge to
26 feet at 5 o'clock yesterday after-
noon. At 6:40 the water had receded
one-tenth of a foot, and the rise was
stopped. The river fell steadily all
last night.The mark reached yesterday was
eight inches higher than that reached
by the first rise which swept down the
river Thursday night and Friday, and
was four feet above the flood stage.
No damage was done in this section,
but observers are fearful for lowlying
country along the lower reaches of the
river.It was reported early yesterday
morning from Kopperl, about sixty
miles up the river from Waco, that
the Brazos had risen 8 1/2 feet there,
the water standing at 19 feet. This
rise and another that came down the
Brazos yesterday afternoon caused the
rise in the Brazos here.Total rainfall at Waco for the
twenty-four hours ending at 7 o'clock
last night was .71 of an inch. No
rains were reported on the Brazos
watershed west and north of Waco.The railroad, which was the heaviest
sufferer of the recent floods in this
section of the state, are gradually
shaping their roads to resume regular
schedules. While on some the wash-
outs were serious on account of the
delays caused to the trains, the major-
ity of the roads were only slightly
damaged by the washing out of the
surface track.The I. & G. N. is delayed on ac-
count of the washouts between Mar-
lin and Valley Junction, but they hope
to have trains running on regular
schedule by Thursday. In the south-
ern part of the state high water is re-
ported over the roadbed, and the dam-
age cannot be ascertained until the wa-
ters recede in the district around
Navasota.The H. & T. C. main line road has
had a washout reported just below
Hearne, so that that road is tied up
completely for the present. The
amount of damage was not reported,
but the road expects to operate on
regular schedule by the latter part of
the week.The M. K. & T. partly resumed their
regular schedule to Granger yesterday,
and the trains are meeting the regular
trains at that place.The Santa Fe, which suffered only
slightly, reported that trains were
running on regular schedule on all
their lines. The Cotton Belt had no
washouts reported, as it does not run
through the flooded district in south
Texas.Although many telephones were still
out of commission yesterday and
many homes were without lights last
night again, great progress was made
in the work of restoring the telephone
and light service to normal. Trouble
crews worked all day yesterday and
last night. With no further interfer-
ence from the weather, telephone and
light companies expect to have all
their lines clear and working by to-
night.

AT THE THEATRES.

HIPPODROME.

Francis X. Bushman.

Francis X. Bushman, matinee
idol of this generation and the main
recently voted the world's foremost
photoplayer, who will appear twice
on the screen at the Hippodrome this
week, appears first today in "The Re-
turn of Richard Neal," and again on
Friday and Saturday in "Graustark,"
a six-reel photodramatization by
George Barr McCutcheon's world fa-

She Knows What She Wants

The well informed housekeeper
objects to the use of alum in
food. She might read in an ad-
vertisement or be told that it
was all right in the quantities
used, but in the end she would
merely ask, "Do you mean to say
that these baking powders con-
tain alum?"If the answer, however qual-
ified, were in the affirmative,
that would be enough. She would
not buy it. Why?Because she knows that cream
of tartar has always been accepted
as the most wholesome product for
raising cake and biscuit, and she
wants a baking powder made of
cream of tartar, like Dr. Price's.This conclusion is the result
of unconscious absorption, either
her own or her mother's, of the
opinions of the highest authori-
ties on hygiene and home cooking.The prudent housekeeper looks
at the ingredients printed on the
label. She knows what she wants.DR. PRICE'S CREAM BAKING POWDER
Made from Cream of Tartarous novel, and which is the first of
the greater pictures on the old mas-
ters' program, contracted for, show-
ing at the Hippodrome.It is difficult to imagine a drama
more typically suited to the histrionic
abilities of Francis X. Bushman than
"The Return of Richard Neal," which
was written by Edward T. Lowe Jr.,
in conjunction with the "Missing
Paragraph" story in the May issue of
the Ladies' World Magazine, as shown
here today.The portrayal by Francis X. Bush-
man of the character of Richard Neal,
a psychological specialist possessing
hypnotic powers, developed along
scientific lines, brings out some re-
markable acting. The high standard
he sets is, however, lived up to
throughout by the rest of the cast,
which includes Nell Craig as Doris
Blake, Bryant Washburn as Gideon
Hall, Ernest Maupain as Count Nikola
and Harry Dunkinson as Mr. Blake.Elaborate and appropriate settings
and great care as to the minor points
of the production make this picture
not only a most interesting one, but
realistic in every detail.
Gideon Hall, a reckless young man
in love with Doris Blake, is saved
from suicide by "Count" Nikola, a
clever criminal, with an original meth-
od. Nikola lends him enough money
to cover a heavy gambling debt, ask-
ing in return that Hall introduce him
into society. Hall agrees and in the
course of time, Nikola is presented at
the Blake home.Doris feels a strange attraction for
the man and feels she must go to him.
It is the influence of Nikola's mes-
meric mind over her will. After hyp-
notizing Doris, Nikola tells her that
at 3:13 she will get out of bed, go to
her father's art gallery and steal the
famous painting by Muesse and will
drop it out of the window. At 3:13
the family is aroused by a scream and
they find Doris unconscious on the
floor, murmuring "3:13."A doctor, who is called, realizing
that she is under the control of an-
other mind, sends for Richard Neal, a
specialist in psychology. Nikola sets
her at another task, that of bringinga large sum of money to his house at
a certain time.Neal learns the secret from Hall,
who is also under Nikola's influence,
and sets a trap for him. The trap
works, the two minds clash and Neal's
stronger will wins. The girl is awak-
ened, Nikola exposed and arrested and
Doris is restored to her family.

QUEEN.

"The Captive."

Never in all her varied roles has
Blanche Sweet been any sweeter than
she is in "The Captive." Laeske five-
part feature on the Paramount pro-
gram, shown at the Queen theatre yester-
day and which will be repeated
again today. The story revolves around
the experiences of a Montenegrin peas-
ant girl and a Turkish captive during
the recent Balkan war. In the first
act, the girl's brother is seen meeting
his death in battle and the captive, a
Turkish nobleman is captured. He is
directed to do her work in the place of
the brother and as she "breaks him
in," they come to love each other. He
saves her from Turkish marauders,
and both of them without homes after
the war, they meet and the last scene
is of them trudging down the road to-
gether.A feature of unusual attractiveness
is "The Last Dance," which will be at
the Queen tomorrow and Wednesday.
Signorina Conchita Ledesma, the great
cosmos dancer, stars in this produc-
tion, which is a well known
Cosmos dance. The dancer is carried
through a spirited love story with a
poor artist.Conchita, lured by her spirit of ro-
mance, visits the artist in his studio
while he is asleep and dances before
him. She seems to float away into
nothingness, and he cannot tell wheth-
er the loving kiss that she gave him
was real or only a dream.The picture that Jean paints from
the inspiration of the dancer wins the
prize at the academy, and Jean has
become famous overnight. The ro-
mance is soon ended by the quickly
acquired fortune of the now famous
painter is dissipated and the dancer
returns to the stage. Jean is broken-
hearted and comes to live again in an
obscure place, tenderly cared for by
the ever faithful Nina, and after a
desperate plea Conchita comes to
dance before the dying Jean. He dies
in her arms and she, now realizing
that the world holds no further zest,
follows him into the unknown.

NICKEL TODAY.

"Between the Two of Them."
Broadway Stage three-act play, parts
special. While competing for the
ten thousand dollar prize play, George
Gray, an author, will not permit his
wife, Marjorie, who is really very tal-
ented, to assist him or make any sug-
gestions. Realizing that he is not ad-
vancing the plot justice, Marjorie inter-
views a dramatic critic and enlists his
aid. A couple of "charitable" neigh-
bors see the critic's home alone, and
alone, and, scenting a scandal, con-
sider it their duty to warn Gray. Think-
ing this anonymous warning preposterous, George tears it up, but
later, finding an anonymous letter with
missing letter, is greatly disturbed.
Doubts creep into his mind, and he
engages the services of Steele, a de-
tective, to watch Marjorie. That
night she goes to the critic with the
play finished according to her own
ideas. Delighted with its great im-
provement, they talk enthusiastically
over it and the detective, watching
them, misconstrues the situation. Gray
completes his play and sends it off,
after which he receives the detective's
report. He goes to Marjorie's room,
where he bitterly denounces her and
goes out of the house, without giving
her a chance to defend herself. Sev-
eral days afterward Gray receives
word from the publishers that they
had accepted the "corrected version"
of his play. He does not know what
to make of it, as he knows nothing
of any other version than his own.
Gradually it dawns on him his wife
must have done something to do with it,
and when he receives his check with
his wife's manuscript, containing his
name as author, he knows the truth.
He now feels keenly their estrange-
ment and becomes remorseful. On the
opening night of the play it proves a
hit, and unable to stand the applause
and congratulations, he does the only
honorable thing. He publicly announces
that credit for the authorship is en-
tirely due his wife. Marjorie leaves
the theatre and hurries home, locking
herself in her room. On Gray's hum-
ble return she tells him—through the
locked door—just what she thinks of
him, then when he is thoroughly peni-
tent, she permits him to enter.Perkins to Lecture at Dallas.
Dallas, April 26.—George W. Per-
kins of New York, multi-millionaire,
former partner of J. P. Morgan and
organizer of the International Har-
vester company, may lecture in Dallas
within the next ten days under the
auspices of the Chamber of Commerce.
The lecture will probably be free to
all Dallas people interested and is
likely to be held at the city hall au-
ditorium.INDORSEMENT GIVEN TO
LIGHT OPERA "MIKADO"ROTARY CLUB HEARS SELEC-
TIONS SUNG BY YOUNG
WOMEN OF CAST.Suppl. Pledged to Made-in-Waco
Exposition—Officers Will Be
Elected Next Week.Cordial indorsement was given by
the Rotary club yesterday to "The
Mikado," the comic opera that will be
given at the Auditorium on the night
of May 5 as a special benefit for the
Baylor bath house and grandstand
fund. Waco's best musicians have been
busy for weeks in preparation for the
show and yesterday when Misses
Beula Duncan, Fern Thurman and Sal-
lie Keith, accompanied on the piano
by Miss Tmella Lewine, gave the
Rotarians a few selections from the
opera at their weekly luncheon, the
Rotarians applauded the singers en-
thusiastically and voted to do what
they could to see that a good attend-
ance was had at the show.The young women were on hand at
the invitation of Dr. Carl Lovelace,
president of the Baylor Alumni asso-
ciation, and the program committee
for the day, and their reception was
enthusiastic. After the adjournment
of the club many of the Rotarians
purchased tickets for "The Mikado"
and others promised to do so this
week.Several other special musical at-
tractions had been provided for the
day by the program committee. Henry
Stubbs, tenor soloist, gave two
numbers with violin and piano accom-
paniment by Harry Bahl and Harry
Lee Spencer, respectively, and Harry
Bahl gave two violin solos, accompa-
nied by Mr. Spencer. These selec-
tions were likewise enthusiastically
received, both performers being com-
pelled to respond to encores.President J. M. Penland made a spe-
cial plea for the "Made in Waco" ex-
position, suggesting that the members
not only visit the various exhibits
there and see what is really made in
the city, but that they attend the
evening programs and contribute the
enthusiasm of their presence as often
as possible.The principal address of the day
was made by D. F. Beeman of the
Geyser Ice company, his talk dealing
with the development of the mechan-
ical refrigeration industry in this coun-
try. Among the advantages which he
set forth as following the introduction
of artificial refrigeration were that it
has enabled the manufacturer to pro-
duce better goods, has assisted the
farmer in marketing his products,
greatly improved the transportation
facilities for all sorts of perishable
goods and has done the human fam-
ily a great service in improving its
food supply by preserving it from de-
cay. He said the refrigerating process
has come to be largely used in Geor-
gia in the preservation of meat by the
farmers.The first artificial ice made in Tex-
as was made in Waco, he said, and
he declared the quality of ice used
here was as pure as could be found
anywhere.R. C. Nagle, dean of the engineering
school of A. & M. college here, many
years, now chairman of the state board
of water engineers, with headquarters
at Austin, was present as a guest of
J. J. Winnow, formerly one of his
associate instructors at the college,
and expressed his pleasure at being
present and at the development which
has come to Waco within recent years.
R. V. McLean, absent for many
weeks on account of illness, was pres-
ent and expressed his pleasure at be-
ing back, while T. P. Robinson of the
Phoenix Construction company, now of
Dallas but recently of this city, and a
member of the club, made a few re-
marks.Officers for the ensuing year will
be elected next Monday. The toast-
master for that occasion will be Will
Poage, while W. H. Montz, dealer in
automobile accessories, will be the
principal speaker. S. Hirschberg and
J. M. Penland were named on the
special program committee for the day.Methodist Pastors
Pass Resolutions
Regarding RevivalAt the Pastors' association of the
Methodist church of the city which
met at the Austin avenue church Mon-
day morning at 10 o'clock, resolutions
of thanks were adopted expressing ap-
preciation to the following persons for
courteous extension of the preparation
for and during the meeting: Justus
Thos. Goggan Bros. for their pianos,
Cameron Lumber Co. for lumber to
build bema, Dr. Shelton, for the
use of the M. T. Waco Morning News
and the Times-Herald, and to all oth-
ers who in any way contributed to the
interest of the meeting.Revs. W. H. Howard, D. A. McGuire
and R. F. Brown were appointed a
committee to draft these resolutions.ECZEMA ON HEAD
AND THEN ON FACEItched and Burned. Hair Fell Out
and Was Dry and Lifeless. Face
Disfigured. Used Cuticura. Trouble
Disappeared. Hair Stopped Falling.Fallston, Md.—"Six months ago I had
eczema on my head. It also went down
my face. I could not have any ease day or
night. It itched and
burned so. The eczema
appeared like pimples.
My hair fell out and was
very dry and seemed
lifeless. The itching was
so intense it caused me
to scratch which formed
sores. The breaking out
on my face disfigured me.
I sent for a free sample of Cuticura Soap
and Ointment and I found they gave me
relief. I purchased some Cuticura Soap and
Ointment and used them for one month.
The trouble on my head and face disap-
peared and my hair stopped falling out."
(Signed) Miss Beattie Reed, June 3, 1914.
Cuticura Soap and Cuticura Ointment are
so pure and delicate they may be used on
infants from the hour of birth.Sample Each Free by Mail
With 32-p. Skin Book on request. Ad-
dress post-card "Cuticura, Dept. T. Boe-
ton." Sold throughout the world.Suit Your

Fourth Buying Trip
East This SeasonManager of Goldstein-Miguel Millinery
Department Will Rush New
Hats Here.Making his fourth buying trip to
the eastern markets this season, J. A.
Goldberg, manager of the millinery
department of the Goldstein-Miguel
company, left Waco on the Katy at 6
o'clock this morning. Mr. Goldberg
stated that his going to market at
this time was unexpected, being made
necessary by the enormous volume of
business done by the G.-M. millinery
department during their spring sale,
which bids fair to leave the depart-
ment entirely bare of merchandise in
a few more days, necessitating the im-
mediate purchase of more stock.
Mr. Goldberg will make extensive
purchases of late summer millinery,
quite a large part of which will be
rushed to Waco by express as soon as
it can be secured, and will be placed
on sale immediately.

PERSONAL MENTION.

W. W. Seley is in Galveston this
week on business.
P. A. Gorman is leaving today for
Asheville, N. C., on account of his
health. His son, Harry Gorman, ac-
companies him.J. E. Timms of Throckmorton was
here yesterday with some views of a
mammoth thirty-pound radish which
was grown on the Ames farm near
Alice.Mr. and Mrs. Edgar E. McDonald of
Amarillo were visitors of Mrs. Mc-
donald's grandmother, Mrs. B. J. Ken-
drick, 1905 North Eleventh street.
They were on their way home from
San Antonio and stopped off for a
day's visit.W. M. C. Howell returned this morn-
ing from San Antonio, where he at-
tended the meeting of the executive
committee of the Texas Abstractor's
association. This meeting was called
for the purpose of arranging program
and fixing dates of the next meeting
to be held at Corpus Christi. August
10, 11 and 12 were the dates fixed by
the committee and a most attractive
program arranged.Dr. Suhler Off to
Frisco to Attend
Meet B'Nai B'RithDr. A. Suhler leaves this morning
at 11 o'clock for San Francisco to at-
tend the meeting of the constitutional
grand lodge of the Independent Order
of B'Nai B'Rith, May 2. Dr. Suhler
was elected as a delegate at the meet-
ing of the district grand lodge held at
New Orleans recently.He is one of seventeen delegates
elected to represent eight southern
states and the election was a deserved
compliment to the Wacoan. Dr. Suhler
has been a member of the order for
forty years and has performed the du-
ties given him faithfully and has
proven trustworthy to all honors con-
ferred upon him. He expects to be
gone about two weeks.Public Library May
Receive Additional
Aid From CarnegieThe public library may receive addi-
tional funds from Andrew Carnegie to
be used in making enlargements and
improvements in the building now oc-
cupied. The work of the library has
grown until the present quarters are
inadequate, and several weeks ago the
plans of the library board were sub-
mitted to Mr. Carnegie with the re-
quest for the additional funds. Mr.
Carnegie wrote for more information,
which was sent him.
No word has been received by the
library board since the additional in-
formation was sent several days ago.
The board is very hopeful that the
money will be forthcoming to make
the improvements.

Resinol

heals skin diseases

If you have eczema, rash, pim-
ples, or other distressing, un-
sightly skin eruption, try Resinol
Ointment and Resinol Soap, and
see how quickly the trouble
disappears, even in severe and
stubborn cases. They stop itch-
ing and burning instantly.Physicians have pre-
scribed Resinol for 20 years,
for skin troubles, pimples,
dandruff, sores, ulcers,
burns, wounds, and skin
diseases. Every druggist sells
Resinol Ointment and Resinol
Soap, but for free samples
write to Dept. 4-S, Resinol,
Baltimore, Md.
Resinol Soap is deli-
cately pure, perfectly suited
to everyday use in the toilet.

WACO COMES FROM BEHIND AND WINS FROM BUFFS IN THIRTEENTH

CONWELL DELIVERS TWICE IN PINCHES AND IS STAR OF GAME.

MALMQUIST GETS A HOME RUN

Starts Run Getting—Hickey Also Figures Largely in the Scores.

In rather a slam-bang sort of manner for a young man who holds down a bench warming position, Conwell, who draws salary for being present when some other player is absent, came up in two very critical situations yesterday afternoon at Katy park and snatched a game from Houston which the Buffs thought was neatly wrapped and tied. The final score was 4 to 3, Waco, but it took thirteen innings to produce the result.

Conwell first broke into the gallery of fame with a drive in the last of the ninth when the score stood Houston 3, Waco 1. He batted for Crichlow in that desperate round, and drove two runs in, tying up the score. In the thirteenth he again arose to the call and put Hickey across with the winning run, breaking up the game which he had given life.

Sharing honors practically even with Conwell, Malmquist celebrated the visit of the Buffs with a home run in the sixth, which was Waco's first score, got a hit in the ninth which was instrumental in the tie-up and by a nice sacrifice in the thirteenth laid the groundwork for Conwell's finishing touches. Incidentally, Malmquist got a hit in the first inning, and outgassed Pitcher Rose for a while.

Hickey was another Navigator who, in spite of the rumors rampant out of Shreveport that he was to be let go, hit twice, starting the scoring in the two great innings, and brought in two runs of the four Waco made.

More Than Fair Game. Taken all round, it was a more than fair to middling game between the two better than passable clubs. Some folks say these last minute wins are because of breaks, meaning luck, but when a club just keeps coming in

ASHTON PURPOSELY ALLOWED McDONALD TO STROLL TO FIRST ON FOUR WIDE "ONES."

spite of a score against them this break stuff is likely to come its way. In all, twenty-four men took part in the entertainment, an even dozen on each side. Sage started for Waco and performed well, having good control, but being touched for five hits in the eight innings he worked, all Houston's runs being made off him. Ware started for Houston and was in rare form, until the fatal ninth, when Conwell shattered his hopes. Ashton finished Waco's game after Hardy had sent Drennan in to bat for Sage in the eighth. Rose finished in the box for Houston, Lemon batting for Ware in the eleventh.

Houston jumped right into the scoring in the second inning. Hille sent a single to right field. Frierson sacrificed and McDonald scored Hille with another hit to right. Newman went out, Malmquist to Wohlenben, and Allen fanned. The Buffs were retired quickly in the third, but in the fourth they continued their scoring. Red Davis, well known Navigator beater, doubled to center field. Hille sacrificed. Frierson struck out. McDon-

ald was again the man-in-the-pinch and hit to right field, scoring Davis. He was thrown out trying to steal. Again in the sixth the Buffs scored. After Mowry had grounded out to Grubb and Seitz had flied out to Crichlow, Davis was hit on the arm with a pitched ball, the ball being removed from mthe game by Umpire Akin, probably on account of damages sustained in the concussion. Davis tried to steal and would have been thrown out but that Malmquist dropped the ball. Hille hit to center, scoring Davis. This ended Houston's scoring.

Malmquist Starts Scoring. Malmquist started Waco's come from behind. He slammed the ball out of the park in the sixth, over left field fence and aroused hope in the breasts of the fans. However, the hope was but a spark, and smoldered along, almost dying completely when the ninth inning around and no more runs had been made for Waco. Hickey started it in that inning, with a hot one at Hille, which the Houston shortstop did well to head off, but was unable to handle. It was a hit. Malmquist, his day's work not yet done, hit to left. James, whom Buffs remember sadly from one Sunday's performance last year, probably carried out orders and sacrificed perfectly. Crichlow had not been hitting Ware and Conwell was chosen as a good bet. He delivered as mentioned before, lining one into right center for a single and scoring Hickey and Malmquist. Wohlenben flied out to center field and Grubb fouled out to Allen.

In Houston's tenth with the score tied, Ashton pitching, Frierson hit to centerfield and McDonald sacrificed, but Newman fanned and Tanner went back of second for a great stop and peg of Allen's hot grounder, retiring the side runless.

In Waco's tenth, Ashton lined one at McDonald which looked like a hit, but the third baseman spoiled it and threw Jack out at first. Reilly had flied out and Tanner fouled to Allen. In Houston's eleventh Seitz got a hit, but ducked on bases. In Waco's eleventh with Rose pitching Hickey flied out to Mowry. Malmquist drew a walk. James hit through second, sending Malmquist to third and Hickey, second on the throw-in. Conwell tried to squeeze Malmquist in and almost succeeded, the ball, however, dropping near the plate and Allen touched the runner out, barely preventing the winning run. Wohlenben grounded out, Seitz to Newman.

Things looked shaky for Waco in Houston's twelfth. Hille doubled. Frierson fanned, Jack Ashton showing some classy pitching to the faithful. With the heavy hitting McDonald up, Ashton purposely allowed him to stroll to first on four wide ones and Criss came up as a pinch hitter, replacing Newman. He was able to do nothing more formidable than to pop up to Reilly in foul ground. In Waco's twelfth the Buffs could do little beyond giving Seitz a chance to pull a great one-hand stab of Tanner's liner. Houston returned this favor, when Mowry drove a hot one to Grubb, who repeated Seitz' trick in the thirteenth.

And then—Well, Hickey goes to the bat pile, picks up a stick, walks to the plate and drops one safely to right field for a hit. Malmquist sacrifices, sending Hickey to second. James grounds out, Seitz to Criss, who was playing first. Conwell then pokes one into left field and Hickey went home with a run, and everybody else went home with smiles.

Conwell, Emergency Man, a Double Star

Conwell, Waco's utility man, had already demonstrated that he was equal to the great pinch hit situation on other occasions when Manager Hardy had seen fit to put him up; critical moments and delivered. He first tied up a game that looked hopelessly lost, by driving in two men in the ninth. In the thirteenth he broke up the game which he had prolonged by sending Hickey in with the winning run.

Sporting Comment

Tanner drove one back at Ware in the first that should have been a hit, but the pitcher plunked it up and Hille threw the runner out at first.

And there were only about a half thousand there to see the biggest thing in a baseball way that has happened since that Sunday last year.

Many were the thrilling situations during the day. Waco's aggressiveness kept Houston on the defensive in the late innings. Before that it seemed foregone, with everything out and dried for a Houston win, and another loss charged against the old first game of a series.

Malmquist got a freak hit in the first inning, yet it was deserved. He rolled one along the third base line and the ball was stopped dead by the third sack. It is doubtful if Malmquist could have been thrown out had McDonald been right there waiting for it. As it was Malmquist backed and it didn't come.

In the twelfth for Houston, after Davis had hit for two bases, McDonald came up. Mac had been hammering the ball profusely and Ashton and Reilly decided to pass him up. Then, lo! Pat Newman trots out the Swatting Mister Dode Criss. Dode fouled out, just as about nine-tenths of the nation's pinch hitters do—except Conwell.

Young Harvey Grubb Esq. enjoyed a warm evening out on the hot corner. And Young Harv, by the way, was right on the job as a flagman. One of his keenest flaps was the marring of a two-run cannon ball that Red Davis slipped him. He also left nimble in the air, as Mike Harris would say, on another occasion and pulled down a line drive for Joe Mowry that had a two-base tag nailed to it.

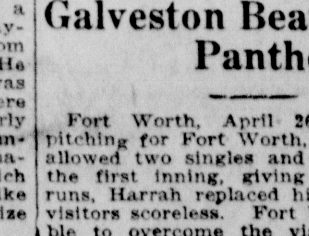

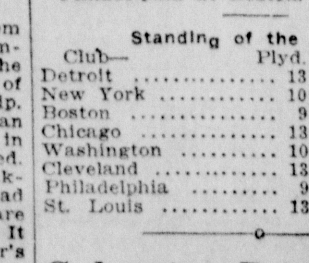

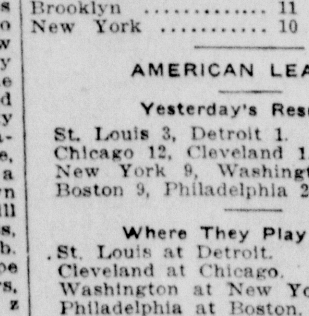

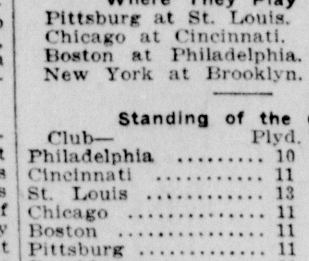

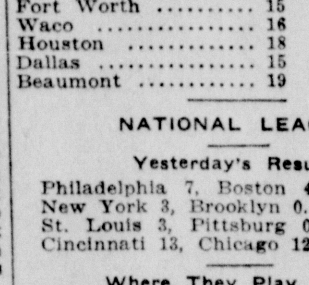

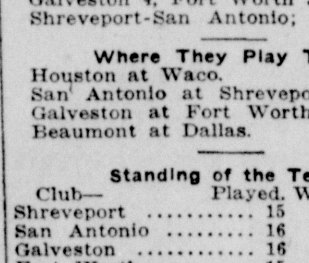

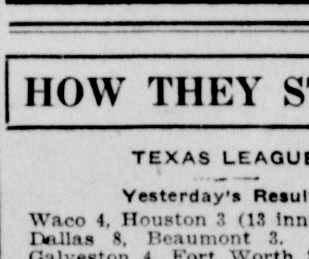

Nothing stirs Master Fan like the home club coming from behind and the Navigators being past masters in this art and giving a rare exhibition of the same yesterday. Master Fan was in his glory. He roared and howled and yelled and pronounced remarks relative to early sundown and called games, referring to incidents of the not yet buried past. But he never served to strengthen the club, to let loose in the first part of the game things of which he has been thinking these cold winter months just passed.

The breaks against Sage can be figured out a bit from the summary. He didn't walk a man, but Red Davis stuck his hand up to ward off a foul ball and the ball grazed his sleeve. Then, when Red tried to steal he found the ball waiting for him—but his spikes out the sphere out of Malmquist's hand, and incidentally a chunk of finger. This was the only error in the game—yet this near-hit batter, and this almost-error allowed one of the lucky runs for the Buffs. Talk about the breaks!

Hardly has not verified the rumor that Drennan was brought here to take Hille's place, or that of anybody else. As a matter of fact the manager, in the first statement he gave out at Shreveport about Drennan said that he thought he might serve to strengthen the club, without saying in what position he would use him. Waco fans will be nothing but pleased if he develops into a find, but there is no anxiety to see any of the Navigators go. Rumors to the effect that a player is to be disposed of seldom do the player any good and sometimes harm. The report seems to have been without authority. However, it seems to have had no effect on Hickey, judging from his yesterday's performance.

Roy Akin had few close decisions yesterday, but he looked good from who was seen of his work. A few little things he doesn't do marks him as young in his new profession, but these are tricks of the trade and do not relate in any way to his officiating. One of these is that he sometimes fails to doff his harness at the precise moment he should, to go to the clubhouse. However, Roy's new togs just arrived yesterday and he may be loath to take them off. Akin is one of the most popular men who ever played ball in Texas and his very popularity will get him by in many a critical situation. With his experience in the game, and good judgment he should make a high-class arbiter. He is so well known and his record is so clean that there will be no claim of unfairness, crookedness, or favoritism for some particular club. Akin, by the way, looks in better shape physically than he has for several years, being nearly to training weight.

Drennan, the new outfielder from Washington, D. C. via Panama and Memphis, arrived in the park just before the game started with about six feet two of slenderness, and a boy carrying his grip. He got into uniform and the foreman put him right to work. He was sent in to bat for Sage in the eighth and fanned. At that, he was put against a fast-breaking spitter, which is supposed to be bad medicine for a left-hand hitter. Ware used the same thing all the way. It was hardly a fair test of the youngster's looks, for he had just arrived after a hard trip from Memphis. Drennan played ball in Panama, where he went from his home at the nation's capital. He tried out with Memphis but there was no place open for him. He came here on a recommendation of Lord, formerly with the Mobile club, now with Memphis. He looks like a genuine speed machine, and on one of his swings which he fouled, he got away from the plate like Eddie Collins, whom he resembles in size and make-up.

Galveston Beats the Panthers 4 to 3

Fort Worth, April 26.—After Akers, pitching for Fort Worth, had hit a man, allowed two singles and a home run in the first inning, giving Galveston four runs, Harrah replaced him and held the visitors scoreless. Fort Worth was unable to overcome the visitors' lead and

Beaumont Is Easy for Dallas Giants

Dallas, April 26.—Dallas won here today 8 to 3 from Beaumont in the first game of the season between the two teams. Good pitching by Brady and timely hitting by Dallas won the game.

STATE OF EQUIPMENT AND WAR SUPPLIES

EFFICIENCY EXPERT DECLARES
RESULTS NOT BETTER AS RE-
SULT OF RECKLESSNESS.

Says Has Seen Good Soiled Clothing
Burned Rather Than
Washed.

London, April 26.—An efficiency expert who has been assigned to special duty at the front studying possible economies in equipment and supplies, reports that there are endless opportunities for preventing waste. He says these opportunities would be just as profitable to the sum total of production as a ten or twenty per cent speeding up of the overworked factory hands in Manchester or Liverpool.

"To most laymen, and many soldiers war is synonymous with waste," writes the expert, "and the question of preventing it hardly enters into the calculation of the average man. When war comes a complete metamorphosis takes place. Necessity is mistress of the situation. All the checks and penalties of peace-time must be forgotten. What is wanted is the executive officer is the sole judge. There is no time for inquiries, no opportunity for penalties. It is a human that the average man, up to date, will have any conscientious regard for the virtues of economy."

"This spirit of recklessness, perverting all ranks is largely accountable for the preventable waste which is the army today. A visit to the advance ordnance depot is instructive to the man of business of the student of economy. In walks a quartermaster or his deputy, intent on getting what he can. He probably has requisitions signed by his commanding officer or what he wants; in addition he has one or two blank forms signed, which he will complete as he sees anything in the depot that he thinks he would like. His characteristic attitude is not 'What do I really want with a regard for economy?' In fact he wants all he can get without regard to the waste of others. It is not surprising therefore that equipment so easily procured will be carelessly expended.

Burns Instead of Washing.
"The writer has seen good soiled clothing burning on a heap of refuse because it was easier to draw new articles exchanged for food with civilians or given away as souvenirs, than seen articles left in the mud in order to keep them. Some of the scattered along the road, or scattered in the trenches or scattered in the mud, but not to the detriment at present exists.

There is hardly a Belgian in the line wearing such a uniform. This same disregard of economy is extended to the expenditure of ammunition, which, within limits, can be saved just as well as clothing, food, or other munitions of war.

It is easy to prove the case, but more difficult to propose a remedy. The hardened official will not be deterred by excessive, is entirely due to defective discipline. It is only required to tighten the discipline to stop the leakage. But the punishment of offenders may be good, preventive, but it is found, in addition to the terror of discipline, but in embodying the cult of economy in the fabric of army training. Supervision and accountability must also help.

The reform could be effected after this manner: All hard and fast rules for the replacement and renewal of equipment should be abolished. The responsible officer should be allowed to draw what he wants at his discretion. Each unit should be charged with the book value of what it consumes, it should be closely inspected at uncertain intervals to see that everything is up to standard and serviceable. Finally, due credit should be given to the unit and commanding officer who produces the same better results at a lower book cost.

By this means, scope within wider limits would be given for the exercise of administrative skill and closer individual attention on the part of the command would result.

A Gloomy View.
A 5-year-old daughter of an army at Fort Hamilton was returning Sunday school a short time ago when she met a friend of the family who had been where she had been to Sunday school, she said, "what did you do there?" asked the two young sang sang songs about answered the child—Harper's

WANTED—To buy a few small vendor lien notes. Address Box 52, News.

Knitting in England Causes New Malady

London, April 26.—(Correspondence of the Associated Press.)—Too much war-time knitting and sewing is responsible for the appearance in England of a malady which may be compared with writer's cramp or tennis elbow. The physicians call it "knitter's neuritis." It affects the upper arm and shoulder rather than the fingers and seems only to afflict those who knit with difficulty, not having practiced the art in their youth.

The only treatment is to give up knitting indefinitely.

"When an untrained set of muscles is suddenly called upon to repeat indefinitely a complex and unaccustomed sequence of movements," says a London physician, "a spasmodic paralysis is very likely to develop. Knitter's neuritis begins with the worker feeling that the usual wrist and finger movements cannot be followed with the customary ease. Then the muscles get stiff, and in the later stages develop a spasmodic cramp as soon as the knitting needles are taken into the fingers. Although the fingers are thus affected whenever an attempt is made to knit, there is no interference with other varieties of finger movement."

The High-Grade Car Is the Light Car

Remember that. Lightness requires the highest skill in designing. It requires much aluminum, special steels. To get strength without bulk is the acme in car building. Therefore the Hudson—the lightest 7-Passenger Six—is a matchless example of fine engineering.

Not all Light Sixes are really light. Not one is as light as Hudson in this class. Our rivals, of course, say their extra weight—perhaps hundreds of pounds—is essential.

But it isn't. No more than 4,500 pounds which Sixes used to weigh. And to carry extra weight daily is a heavy tax, both on tires and fuel.

Why Go Half Way?

This is the day of Light Sixes. Men have definitely decided never again to carry vast, crude, needless weight.

All leading cars are built lighter. Overwhelming demand has compelled it. But many cars, in another year, will be lighter still. Cars of Hudson size must come to Hudson weight. In the meantime, is it wise to get a car which has only gone half way?

Hudson Strength

The strength of the Hudson is beyond any question. Remember that 12,000 of these Light Hudsons are running. Many have run for two

seasons. All of that driving, covering 30 millions of miles, has failed to bring out a single weakness.

There never was a sturdier car. Any extra pound would be useless—a weakness, not a strength.

But It Took Four Years

Hudson is the original Light Six. It took us four years to attain. Hundreds of parts were re-designed by Howard E. Coffin, a genius in designing.

That is why Hudson weighs but 2,870 pounds. That is why it shows ultra-refinement.

It will be your first choice in the Light Six class. But bear in mind that Hudsons are in tremendous demand in the spring. Decide on your car while we can make prompt delivery.

7-Passenger Phaeton or 3-Passenger Roadster, \$1550, f. o. b. Detroit.

HUDSON MOTOR CAR CO., Detroit, Mich.

One of the greatest things we offer you is the matchless Hudson service. Let us explain it to you. It keeps your car in trim.

ODD FELLOWS GATHER FOR DISTRICT MEET

ANNUAL CONVENTION CENTRAL TEXAS ASSOCIATION BEGINS THIS AFTERNOON.

96TH ANNIVERSARY OF FOUNDING

Celebration Tonight Will Close Convention—All Trains Bring in Large Delegations.

The meeting of the Central Texas Association of Independent Order of Odd Fellows begins this afternoon at 1:30. The welcome address will be delivered by William Robertson and the response made by Grand Master E. R. Misener of Hamilton. The welcome address in behalf of the Rebekah lodge will be made by Mrs. Jennie Curry, Waco. Mrs. Mary Green of Temple will respond.

All trains arriving in Waco are bringing large delegations to the association meeting, which will close tonight with the ninety-sixth anniversary celebration of the founding of Odd Fellowship.

The following grand lodge officers have already arrived in the city: E. R. Misener, grand master of the Grand Lodge of Texas, Hamilton; W. H. Walker, grand secretary, Dallas; J. Alexander, grand messenger of the Grand Lodge, Cisco; Mrs. Amelia E. Blank, San Antonio, president of the state assembly; Mrs. J. D. Alexander, Cisco, secretary of the state assembly.

Grand Master Misener and President Mrs. Amelia E. Blank and other grand officers have recently made a tour of the plains section of Texas. The Panhandle association met at Clarendon on April 21st and 22nd. The Snyder Odd Fellows held an association meeting on the 24th, and at Sweetwater on the 24th there was a large gathering of the fraternity.

There are nearly 50,000 Odd Fellows and 22,000 Rebekahs in Texas. Interesting addresses will be delivered at the association meeting by various Odd Fellows and Rebekahs prominent in the order, including A. P. Cherry, McGregor lodge, Mrs. L. Blum of Temple, Mrs. Ada Chaviers of Waco, and J. D. Conger of Chippa Springs.

The ninety-sixth anniversary program is a very interesting one and tonight the following will deliver addresses: Frank T. West, Waco; Mrs. Ada Chaviers, Mrs. L. Blum, Hon. Frank Trevis, J. E. Hall, E. C. Street, O. H. Cross and others.

Songs will be rendered by the Barbers quartette, Baylor quartette and others. Vocal selections will be rendered by Mrs. T. M. Bishop and readings by Miss Minta Green. The refreshments are in charge of the Waco Rebekahs. Hon. O. H. Cross will act as toastmaster. The general arrangements committee consists of William Robertson, O. H. Cross and W. C. Torbett.

Baylor Girls to Sing College Glee's Tonight for Round-up Benefit

Solos on Piano, Cornet, Violin and Voice Will Be Heard, With Quartet and Chorus.

The American Beauty Glee club, composed of the thirty select voices of Baylor girls, will make its first appearance this season with a varied program of glee's and features in Carroll chapel this evening at 8 o'clock. The club is under the direction of Prof. John de Heck.

Besides the choruses there will be several solos, piano, cornet, violin and voice, quartet selections, and a comic feature, "Possum Walk Mothers' Club."

The program will be given under the auspices of the management of the Baylor Round-up, the university annual.

Variety and appealing selections are indicated in the program by the numbers, as follows:

- "Love for Love".....R. Huntington Woodman Glee Club
- "Romance".....Beethoven Miss Wolters
- "Serenade".....Schubert Glee Club Quartette
- "Hay Making".....Wee-ham Miss Davis
- "The Call".....Andrews Glee Club
- "The Horn".....Flegler Miss Smith
- "The monthly meetings of the 'Possum Walk Mothers' Club."
- "Persian Serenade".....Mathews Glee Club
- "Peristyle Polka".....Chambers Charles Parker
- "Soaring".....Schumann Miss Watson
- "When You and I Were Young".....Butterfield Glee Club Quartette
- "At Dawning".....Cadman Miss Upshaw
- "Carmena Waltz".....Smith Glee Club

First Holy Communion Will Be Administered to Class of Children

The first holy communion will be received Sunday, May 9, by the class of children that has been receiving instructions for the past several months. The communion will be administered by the rector of the Church of the Assumption, the Very Reverend Dean E. A. Kelly. A decree issued by Pope Pius X makes it obligatory upon parents to permit their children to receive communion as soon as they have attained the age of reason.

Contractor Receives Dislocated Hip in Falling From Roof

A dislocated hip was the result of a fall received by Jack Harrison, brick contractor, of Preston street, East Waco, yesterday morning. Mr. Harrison was inspecting work being done on the roof of the Tom Dilworth residence, 810 North Thirteenth street, when he slipped from the eaves nailed on the shingles, and fell to the ground.

WESLEY CONFERENCE TO BEGIN TONIGHT

DELEGATES FROM SURROUNDING TOWNS EXPECTED FOR MEETING HELD HERE.

FIRST OF ITS KIND IN WEST

Sessions Will Be Held at Austin Avenue Methodist Church—Headquarters Hotel Waco.

The first convention of the Wesley Bible Class federation of the Central Texas conference will begin at 8 o'clock tonight in the Austin Avenue Methodist church. This will also be the first conference of its kind held west of the Mississippi river. Decorating committees were busy all day yesterday getting the auditorium in shape and reception committees will begin meeting all inbound trains this morning. Headquarters are at the Hotel Waco.

Arrangements had been made to take care of between 500 and 600 delegates, but it is probable that the attendance will be cut down to some extent on account of railroad trouble caused by the heavy rains and consequent overflowing of many streams in this portion of the state. However, word has been received that many large delegations will be here and those in charge are confident that the meeting will be a success.

Rev. E. E. Hightower of Weatherford, field secretary of the movement for the conference, and Miss Elizabeth Kilpatrick of Corinth, Miss., one of the best known Sunday school workers in the South, were here last night and expressed considerable gratification over the prospects for the meeting. Miss Kilpatrick says that it will be "an efficiency conference," rather than a convention, and that most of the talks will be along lines of how better work might be done.

Dr. C. D. Bulla of Nashville, Tenn., general field secretary for the movement, is expected in this morning, as is Dr. C. A. Nichols of Georgetown, president of the organization. The federation was organized at the Hillsboro conference, Nov. 15, 1914, by Dr. Bulla and Miss Kilpatrick. C. K. Lewis of Waco was elected secretary at that time.

"We are all ready," declared T. D. Whiteman, president of the local federation, last night. "While the out-of-town attendance may be cut down to some extent, there will be enough members of local classes attend to make the meeting one of the greatest of its kind ever held."

The sessions will last through Thursday night. The opening program for this evening will be as follows:

- 7:45 p. m., devotional service, J. A. Whitehurst, presiding elder of Waco district.
- 8:05, address of welcome, Judge Tom L. McCullough.
- 8:15, response, C. A. Nichols, president.
- 8:20, "Why We Are Here," Rev. E. B. Chappell, D. D., Sunday school editor.
- 8:30, "Big Things for Wesley Bible Classes," Rev. C. D. Bulla, D. D., superintendent Wesley Bible classes.
- 9:20, social hour.
- M. T. Turner, special representative from Smith & Lamar, Dallas, will be here with an elaborate display from the publishing house of the Methodist church at Dallas.
- W. C. Everett, general manager of Smith & Lamar, Dallas, will also be here in the interest of his house and to greet old friends.
- Judge Erskine Williams of Fort Worth, who has the distinction of being the teacher of class No. 1, the first organized class in Southern Methodism, will be here Wednesday with a delegation of at least 75 of his class of 150 business men of Mulkey Memorial church.

Dallas Editor Chosen Baylor Alumni Orator for Commencement

O. C. Payne, Graduate of Class of 1903, Will Bring Phases of Rural Development to Students.

O. C. Payne, 1903, associate editor of Farm and Ranch, Dallas, and who has for two or three years been making a special study of rural economics and social conditions, has been chosen alumni orator at the annual commencement exercises of Baylor university in June and has accepted the appointment. He will speak upon some phase of rural development and the opportunity the college man and woman have in contributing to that growth.

Mr. Payne is a close student and interesting speaker and his wide travel and broad study into rural conditions in this state will, the committee from the Alumni association thought, enable him to bring the alumni and ex-students an interesting message on this occasion.

J. B. Girard on Trial for Third Time on Charge of Murder

The third trial of John B. Girard, charged with murder in connection with the killing of one of his sons by another one, began yesterday in the Fifty-fourth district court. Judge Richard I. Munroe presiding. Three jurors had been secured at noon yesterday out of twenty-one examined, so court adjourned until 9 o'clock this morning while a special venire of 75 men is being secured.

Charlie Girard, son of J. B. Girard, was killed at West June 6 last by Joe Girard, his brother. Joe Girard was tried, convicted, given twelve years, but appealed the case. J. B. Girard has been tried twice, the jury failing to agree in each instance.

Sanger Storeitorial TRADE WEEK and Made-in-Waco Exposition

The exposition is in progress. The opening festivities last night proved the fact that all Waco is united in one great effort to boost Made in Waco products and to encourage home trading.

It has been said that Prosperity, like Charity, begins at home. And the way to bring a greater degree of prosperity is to make all the business possible for your home city. Do it for your city and you will do it for yourself.

Visit the Y. M. B. L. Trade Week and Made in Waco Exposition today and tonight and every day and night the rest of this week. Good programs and something worth while for each day and night.

Sanger Brothers

New Style Cabinet "Free" Sewing Machine to Be Given

Away at the Sanger Exhibit at the Y. M. B. L. Exposition

A beautiful Piece of Furniture When Closed.

Visit our exhibit at the Y. M. B. L. Trade Week and Made in Waco Exposition and learn of the details of the most improved and highest class sewing machine on the market. During the exhibition we will give away absolutely free one of the new style Cabinet Free sewing machines.

Expert Demonstrators Are Here From the Factory This Week

We are holding a double demonstration of the "Free" Sewing Machine this week. One demonstration is in progress on the first floor of the store near the main entrance and the other is a part of our exhibit at the Exposition on Fourth street. Mr. and Mrs. Light, special representatives from the "Free" factory, are here this week for the purpose of demonstrating the superior advantages of the Free Sewing Machine, and we invite you to call and talk with them. They will be pleased to show you the many superior points of this machine, as well as how to use the various attachments.

Register at Our Exhibit or at the Demonstration in the Store and Learn of the Machine That Is to Be Given Away.

May Run Special to Fort Worth for State Y. M. B. L. Meeting

Proposition Special Order of Business at Directors' Meeting Tonight. Other Matters of Interest.

Whether a special train will be run to Fort Worth for the meeting of the Young Men's Business Leagues of Texas, May —, will be decided at the meeting of the Y. M. B. L. directors tonight. It is highly probable that the special train will be run to carry Waco Y. M. B. L. members, as great interest is being taken in the state meeting. The Waco Y. M. B. L. was the first of its kind, and nearly all the organizations of young business men in the state are patterned after the local organization. It was an

Waco that the state Y. M. B. L. was organized last year, and W. V. Crawford, prominent in the work of the Waco Y. M. B. L., is president of the state organization. I. Friedlander, a director in the local organization, holds a similar position in the State Y. M. B. L.

The Wade-in-Waco exposition which started last night will come up for a good deal of discussion, and it is expected that reports will be submitted which will show the progress of the venture, will be submitted by the committee which has the show in charge.

The transportation committee will have an interesting report tonight, showing the methods used in inducing the L. & G. N. railroad to revise its schedule so as to give better train service to Mart people wishing to do their shopping in Waco. E. C. Bloemeyer, chairman of the committee, carried on an extensive correspondence with A. G. Whittington, vice president and general manager of the road, with the result that the revision was

made, providing a train into Waco from Mart early in the morning, and leaving Waco on the return about 10 o'clock at night.

Other matters of general interest will be taken up.

LOCAL COURTS.

NINETEENTH DISTRICT COURT.
Tom L. McCullough, Judge.
Tom P. Stone, Special Judge.
R. V. McClain, Clerk.
F. B. Womack vs. H. & T. C. railway, damages, on trial.
